96	Randolph Avenue and Highland Street.	

Running Card.

Engine No. 1 and Hose No. 1 will respond to all alarms.

Ladder Truck No. 1 will respond to all alarms except signal 451.

Chemical No. 1 will respond to all alarms excepting alarms calling for apparatus to go out of town.

Hose No. 2 will respond to first alarms from Boxes **31, 32, 34, 36, 39, 341, 41, 42, 412, 6, 62, 63, 64, 65, 67, 68, 652, 671, 71, 73.**

Hose No. 3 will respond to first alarms from Boxes **4, 18, 41, 42, 43, 45, 46, 47, 48, 412, 453, 62, 63.**

Hose No. 4 will respond to first alarms from Boxes **12, 23, 14, 15, 17, 151, 21, 23, 24, 25, 27, 35, 37, 38, 371, 312, 315, 5, 51, 52, 53, 54, 56, 57, 512, 521, 542, 562.**

When, after an alarm has been sounded, and before the all-out signal for the same has been given, an alarm is given from another box, the alarm from the second box is to be responded to the same as a General Alarm.

Directions in Case of Fire.

Get the key to the nearest box, open and pull the lever all the way down once, then let go and close the door.

Remain at the station, if possible, after giving an alarm, to direct the firemen to the fire.

Second alarms will be given only by one of the Engineers.

Citizens are earnestly requested to keep themselves informed as to the location of the keys. Signs over each box will give the desired information.

Caution to Persons Holding Station Keys.

Never open or touch the apparatus except in case of fire.

Never sound the alarm for a fire seen at a distance, unless assistance is called for.

Be reasonably sure there is a fire before sounding the alarm.

Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.

If you remove from your house or place of business, return the key to the Engineers at once.

Annual Town Report

of

MILTON

MASS.

FOR THE YEAR ENDING

DECEMBER 31, 1907

COMPILED BY

THE AUDITORS

Poole Printing Co.
221 High Street
Boston

STATEMENT OF THE AUDITORS.

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending Dec. 31, 1907, and have found the same correct.

Respectfully submitted,

HENRY H. BARNES }
AUSTIN W. GREENE } *Auditors.*

MILTON, MASS., *Dec.* 31, 1907.

REVISED BY-LAWS.

TOWN OF MILTON, MARCH 2, 1902.

Adopted by the Town and approved by the Superior Court May 20, 1902.

CHAPTER 1.

General Provisions.

Section 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

Sect. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

Sect. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

Sect. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

Sect. 5. In all the By-Laws of the town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The words *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

Sect. 6. All fines and penalties for the violation of any By-Law shall, when received, inure to the use of the town, and be paid into the town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the town.

Sect. 7. Whoever violates any of the provisions of the By-Laws of the town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

Sect. 8. Whoever shall refuse or neglect to obey any order of any town officer or board of town officers, issued under any of the By-Laws of the town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

Sect. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the town may be repealed or amended, or other By-Laws may be adopted, at any town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2.

TOWN MEETINGS.

SECTION 1. The warrants for all town meetings shall be directed to the constables of the town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of town officers shall be held upon the first Monday of March, the polls to be open at seven o'clock in the forenoon, and after the election of a Moderator, they shall remain open until two o'clock in the afternoon for the election of such other town officers as are required by law to be elected by ballot, all said officers to be voted for on one ballot. At any time after 2 P.M. a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. After the closing of the polls and the election of other town officers, the remaining articles in the warrant shall be considered.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall

be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

to adjourn,
to lay on the table,
for the previous question,
to postpone to a time certain,
to commit (or recommit) or refer,
to amend or substitute,
to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for town officers, thirteen legal voters shall be appointed by the Moderator, who, together with the chairman of the Selectmen and the chairman of the School Committee, shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the town meeting of the ensuing year.

CHAPTER 3.

THE WARRANT COMMITTEE.

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the town, the subject-matter of which is generally included in the warrants for its town meetings; and the officers of the town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the town meetings held during the period for which they were appointed, including the various articles in the warrant for the annual town meeting next after their appointment; and they shall report in print before all such town meetings their estimates and recommendations for the action of the town.

CHAPTER 4.

THE TOWN'S FINANCES AND PROPERTY.

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the town, a detailed report of all moneys received into and paid out of the town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report

shall be printed the records of all meetings of the town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the trustees respectively, and a statement of all other funds belonging to the town or held for the benefit of its inhabitants; also statements of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the town.

Sect. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the collector on or before the first day of August in each year.

Sect. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of December in the same year; and on all such taxes as are not paid on or before the said first day of December, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 72 of Chapter 12 of the Revised Laws; and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of December in the same year.

Sect. 5. No person being an officer of the town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the town.

Sect. 6. The Selectmen, being duly authorized by vote of the town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the town, and to give promissory notes therefor in behalf of the town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

Sect. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the town, and all unexpended balances of such grants shall be stated in the annual report.

Sect. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

Sect. 9. To provide for extraordinary expenditures of departments, should any become necessary in excess of appropriations made, the town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

Sect. 10. No board, committee, or officer of the town shall commit the town to any expenditure or liability which

would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the town, at a meeting of the voters, shall have acted in the matter.

Sect. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the town.

Sect. 12. The Selectmen shall have full authority as agents of the town to institute and prosecute suits in the name of the town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the town.

Sect. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the town, unless the town shall otherwise vote in any special case.

Sect. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5.

The Cemetery.

Section 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual town meeting, when a Trustee shall be elected for the unexpired term.

Sect. 2. Citizens of Milton who are heads of families and have been residents of the town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

Sect. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

Sect. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

Sect. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

Sect. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

Sect. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

Sect. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

Sect. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6.

Police Regulations.

Section 1. No person shall move or assist in moving any building, over any way which the town is obliged to keep in repair, without the written permit of the Selectmen

being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public

way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the town for all expenses and damages which, or for which, the town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be

propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in

connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

Sect. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

Sect. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

Sect. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any signboard of the town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

Sect. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

Sect. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge

or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

Sect. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

Sect. 22. No person shall distribute papers, circulars, or advertisements through the town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

Sect. 23. No person shall fire, discharge, explode or set off any gun, fire-arm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

Sect. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

Sect. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

Sect. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have

painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

Sect. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the town may be made by any constable or police officer of the town.

CHAPTER 7.

THE CONSTRUCTION AND INSPECTION OF BUILDINGS.

SECTION 1. There shall be in the town a department for the Inspection of Buildings, which shall be furnished with office room and such supplies for the transaction of business as the Selectmen may provide.

SECT. 2. The officer of said department shall be called the Inspector of Buildings. He shall be appointed by the Selectmen, and shall hold office until his successor is appointed. His compensation shall be regulated by the Selectmen.

SECT. 3. Wherever the word Inspector without further addition occurs in this chapter, it means the Inspector of Buildings.

SECT. 4. The Inspector shall keep a record of all business of the department, and shall submit to the Selectmen such reports of the same as they may require.

SECT. 5. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within said town at any reasonable hour.

Sect. 6. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or, if there be no such newspaper, in one published in the city of Boston, pass a vote designating building limits within the town; and upon the acceptance of said vote by the town at a meeting called as provided by law, said building limits shall be established. Said building limits may comprise the whole or any specified part or parts of the territory of the town.

Sect. 7. Until building limits are established as provided in Section 6, the provisions of this chapter shall apply to the erection, alteration and removal of buildings and other structures throughout the town. After the establishment of such building limits said provisions, save as otherwise specified therein, shall apply to the erection, alteration and removal of buildings and other structures within such building limits only.

Sect. 8. No work shall be done upon any wall, building or other structure except such repairs as may be necessary for the preservation of the same, nor shall any wall, building, or other structure be erected, raised, moved, enlarged, altered, or torn down, without a permit from the Inspector.

Sect. 9. Applications for such permits shall be in writing upon blanks furnished by the town, and shall be directed to the Inspector, who shall keep a record of the same.

Sect. 10. In the case of an application for a permit to erect, raise, move or alter a building or other structure where the Inspector is of opinion, because of all the circumstances, that the reasons for the provisions of this chapter do not apply, the Inspector may, with the consent in writing of the Selectmen, issue a special permit waiving all or any of said

provisions. But before such permit is granted, three days' notice in writing from the Inspector shall be served upon all persons owning land within two hundred feet of the proposed building or structure, in order that such owners may be heard in opposition to the granting of such permit. The Selectmen shall keep a record of all such permits to which they consent.

SECT. 11. The framing plans and specifications of every building or other structure, and of every alteration in a building or other structure, for which a permit is required, shall be deposited temporarily with the Inspector. A copy of the plans and specifications of public buildings and of every alteration in a public building shall be deposited permanently with him. All plans and specifications deposited under this section shall be dated and signed by the Inspector immediately upon being received by him.

SECT. 12. Every permit issued by the Inspector shall state the purpose for which the building is to be used, and the conditions, if any, under which it is granted. All permits issued shall be recorded in detail, and said records shall be preserved.

SECT. 13. The Inspector shall not give a permit for the erection of any building or other structure until he has inspected the plans and specifications thereof, and ascertained that the building as planned has sufficient strength, proper means of ingress and egress, and that it conforms to the law and the By-Laws of the town, or for the alteration of any building or other structure already erected, until he has examined said building or other structure and the plans and specification of said alteration, and has satisfied himself that said building as altered will have sufficient strength, proper means of ingress and egress, and will conform to the law and the By-Laws of the town.

SECT. 14. The Inspector shall inspect all work for which a permit has been issued, and shall see that it is being carried on according to law and the By-Laws of the town.

Sect. 15. No permit for the erection of any building to be used as a factory, or in which steam or other motive power is to be used, or which is to be used for the manufacturing of chemicals, or for the alteration or the moving of any building for any of such uses, shall be granted until after public hearing before the Selectmen; and no building for any of such purposes shall be erected, altered or moved without such permit. Notice of such hearing shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town, and on the public bulletin boards in the town, and by mailing a copy of the same to the owners of premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business, and by publishing the same in a newspaper published in the town, or, if there be no such paper, in one published in the city of Boston.

Sect. 16. No boiler to furnish steam for power shall be set or erected, except on a permit from the Inspector, issued after a hearing as prescribed in the preceding section.

Sect. 17. Permits for the erection, alteration, or moving of any building to be used as a stable in which more than four horses are to be kept shall only be granted after hearing as provided in Section 15. Notice of such hearing shall be sent to the Board of Health of the town, in addition to the notices prescribed in said Section 15.

Sect. 18. The provisions of Sections 15, 16 and 17, shall apply to the whole town irrespective of building limits.

Sect. 19. The Selectmen may, in their discretion, after a hearing as provided in Sections 15, 16 and 17, instruct the Inspector not to issue the permit asked for, and in such case no such permit shall issue.

Sect. 20. In case the owner of any building or other structure, or an applicant for a permit to erect, move or alter a building or other structure, is dissatisfied with any order or decision of the Inspector made in any of the proceedings

prescribed in this chapter, the matter shall be referred to the Selectmen, who, within one week from said reference, shall hear the parties, and after taking such expert opinion as may seem to them to be necessary, give their decision. In case the decision of the Inspector is affirmed, the expense of any expert opinion taken by the Selectmen shall be paid to the town by the owner or applicant on demand; otherwise such expense shall be borne by the town.

Sect. 21. Every portion of every building or other structure in process of construction, alteration, repair or removal, and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

Sect. 22. All chimneys shall be built of brick or stone, and shall be lined with flue lining starting two feet below all thimble holes and at least two feet below the under side of first-floor timbers, and extending above the roof boarding; or shall have an eight-inch brick or stone wall from the foundation to the roof boarding, and shall be topped at least three feet above the highest point of contact with roof.

Sect. 23. No nails shall be driven into any chimney at any point; and no woodwork shall be within one inch of any chimney.

Sect. 24. Sills and girders shall be of sufficient size to safely support the superstructure.

Sect. 25. All woodwork, including lath and plaster, within two feet of any heating apparatus or smoke pipe, and all woodwork, including lath and plaster, coming in contact with any pipes from said apparatus, shall be properly protected by a metal or stone shield.

Sect. 26. All partitions in which hot air pipes run shall be lined with sheet metal, or the pipes shall be wound with asbestos covering.

Sect. 27. Where dwellings of more than two stories are to be occupied by more than two families, there shall be at least two flights of stairs from the ground floor to the top floor, or one flight from the ground floor to the top floor inside, together with an approved fire escape outside.

Sect. 28. The studding of main or carrying partitions shall be not less than four inches in thickness, and shall have a proper support at bottom with a header not less than three inches in depth unless hard pine is used, then it may be two inches. All openings in main partitions of more than thirty inches shall be trussed over and have double studding at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding, and two inches thick at least once in height.

Sect. 29. The studding in outside walls and in partitions shall be not more than sixteen inches on centres unless permission is otherwise granted.

Sect. 30. For buildings other than wooden dwelling-houses the size of floor timbers shall be of sufficient size in the opinion of the Inspector to safely carry the weight intended. In wooden dwelling houses the floor timbers for a 12 to 14 foot span shall be not less than 2 x 8; for a 14 to 16 foot span, not less than 2 x 9; for a 16 to 18 foot span, not less than 2 x 10; for an 18 to 20 foot span, not less than 2 x 12; in every case the timbers shall be not more than 16 inches apart on centres.

Sect. 31. All headers and trimmers shall be double the thickness, framed together and pinned or hung in stirrup iron and joint bolted.

Sect. 32. All floor joists on the first floor shall be framed in even with the bottom of the sill and stopped off between where they come above the sills, either with joists or brick. Fire stops, the full width of the studding, and not less than

three inches thick, shall be cut in on top of the floor joists on each floor above the first floor.

SECT. 33. All floor timbers shall be bridged, in a space of more than eight feet, with 1 x 3 inches, or 2 x 3 inches, stock, properly nailed at each end.

SECT. 34. The rafters of all buildings shall be of sufficient size, in the opinion of the Inspector, to safely carry the weight that must necessarily be put upon them, and be placed not over twenty inches apart on centres.

SECT. 35. In dwellings arranged for two or more families, side by side, the vertical division walls between the families shall be either of brick not less than eight inches thick and continued without break or interrupton from cellar bottom to roof boarding, or of studding not less than four inches in thickness; and the spaces between the studding shall be filled solid, either with brick and mortar, mineral wool, or other incombustible material, approved by the Inspector, and this fire-proof filling shall continue up to the roof boarding.

SECT. 36. All hearths shall be supported by trimmer arches of brick or stone.

SECT. 37. All piers shall be built of brick or iron columns on proper stone or brick footing, and be of such size as to safely carry the weight they are intended to sustain. Brick piers shall be built of hard-burned brick laid in cement mortar.

SECT. 38. All wooden buildings hereafter erected shall have the sills, posts and girts mortised, tenoned and pinned together and supported by suitable studding, and shall be properly braced. End girts shall be placed in all wooden buildings. Sills shall not be less than 6 x 6 inches and shall be properly tied to all girders, and a sufficient number of floor timbers shall be tenoned and pinned to same to keep the building from spreading.

SECT. 39. Posts and girts shall be not less than 4 x 6 inches, other posts not less than 4 x 8 inches, and plates not less than 4 x 4 inches.

Sect. 40. No wooden building shall be built within two feet of the line of an adjoining lot, unless a brick wall at least eight inches in thickness shall be substituted for the wooden wall next said line.

Sect. 41. Every wooden building or structure hereafter erected shall have a stone or brick foundation resting upon the solid ground or upon concrete, piles, or other durable substructure; said foundation shall be securely and properly built, shall have a sufficient amount of large stone extending through the wall to properly bond and tie it together, and shall be of such thickness as to properly sustain the weight it is intended to support.

Sect. 42. The underpinning above grade, if of brick, shall be not less than ten inches in thickness; if of stone, not less than fourteen inches in thickness, and shall be laid in mortar.

Sect. 43. All foundation walls shall be laid at least three inches below cellar bottom, and not less than three feet six inches below any adjoining surface exposed to frost.

Sect. 44. Every building or structure hereafter built of brick, stone, iron or other hard and incombustible materials shall have foundations resting upon the solid ground, or upon concrete, piles or other durable substructure, and not less than four feet below any adjoining surface exposed to frost.

Sect. 45. Foundation walls for such buildings as are designated in Section 44 shall be built of brick, stone or other suitable substance, properly bonded and solidly built with one-half cement mortar.

Sect. 46. For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall not be less than thirty inches thick at bottom and twenty inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than

sixteen inches the entire height, and shall rest on a footing course twelve inches high and twenty-four inches wide.

SECT. 47. For brick buildings exceeding thirty-five feet in height the foundation walls, if built of common stone, shall be not less than thirty-six inches thick at bottom and twenty-four inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than eighteen inches thick the entire height, and rest on a footing course twelve inches high and thirty inches wide.

SECT. 48. Party or partition walls shall be built upon a footing course of stone or brick not less than four inches each way larger than thickness of the wall it is to sustain, and twelve inches high.

1988492

SECT. 49. External walls of brick buildings less than fifteen feet in height shall be not less than eight inches thick; over fifteen and less than thirty-five feet in height they shall be not less than twelve inches thick, except when the building is used as a dwelling-house, then the walls of the upper story may be not less than eight inches thick; over thirty-five feet in height the walls shall be not less than sixteen inches thick to the top of second floor, and twelve inches thick the remaining height.

SECT. 50. In every brick wall at least every ninth course shall be a heading or bonding course, except where walls are faced with face brick, in which at least every ninth course shall be bonded with Flemish headers, or by cutting the courses of face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

SECT. 51. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 52. In reckoning the thickness of walls, no allow-

ance for ashlar shall be made unless it is at least eight inches thick, in which case the excess over four inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

Building Grades.

Sect. 63. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or if there be no such newspaper, in one published in the city of Boston, and by giving personal notice to the owners of and to be effected by delivering to such owners a copy of said notice or by depositing the same in the post-office, post-paid and addressed to them at their last known residence or place of business, pass a vote designating a building grade or building grades for any part or parts of the town; and on the acceptance of such vote by the town at a meeting called as provided by law, said building grade or building grades shall be established.

Sect. 54. Said building grade or building grades may be at different heights above the level of the sea in different parts of the town, as the nature of the ground may require.

Sect. 55. No cellar floor of any building erected on land for which a building grade has been established, nor any part, except the foundation, of a building on such land which has no cellar, shall be below said grade.

Other Provisions.

Sect. 56. The Inspector in the name of the town may take such measures as the public safety requires, to carry

the provisions of this chapter into effect; and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 57. Any person violating any of the provisions of this chapter shall be liable to a fine of not less than $20, nor more than $100, for each offence.

CHAPTER 8.

THE REGULATION AND INSPECTION OF PLUMBING.

SECTION 1. The word Inspector, without further addition, wherever used in this chapter, means the Inspector of Plumbing.

SECT. 2. No person shall carry on the business of plumbing unless he is a plumber and shall have first registered his name and place of business in the office of the Inspector of Buildings; and notice of any change in the place of business of a registered plumber shall be immediately given to said Inspector of Buildings.

SECT. 3. Every plumber before doing any work in a building shall, except in the repair of leaks, file at the office of the Inspector upon blanks furnished for that purpose a notice of the work to be performed; and no such work shall be done in any building without the approval of the Inspector.

SECT. 4. No pipes or other fixtures shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All plumbing work shall be subjected to the water test before the fixtures are set. After all the fixtures

are set the work shall be subjected to the smoke, peppermint or other reliable test under pressure. All such tests shall be made in the presence of the Inspector.

SECT. 6. The sewage and waste piping of every house or building shall each be separately and independently connected with the street sewer, where one is provided, or with a proper cesspool; and where there is no sewer in the street, and it is necessary to construct a private sewer to connect with one on an adjacent street, such system shall be used as may be approved by the Inspector.

SECT. 7. The soil-pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil-pipes shall be of extra heavy cast-iron pipe; all drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast-iron with leaded and calked joints, but wrought-iron pipe may be used for vent purposes; said pipes shall be properly secured to walls and ceiling with wrought-iron hangers. The soil-pipe of every building shall be not less than 4 inches, vent pipes not less than 1½ inches, and waste pipes not less than 2 inches, in diameter.

SECT. 8. Every drain-pipe shall be supplied with a suitable trap placed with an accessible clean-out at the point where it leaves the building, and shall have a proper pitch and extend 5 feet outside of the cellar wall; said clean-out may be placed outside of the cellar wall if made accessible. The pipe from this point to the sewer or cesspool shall have tight joints. All drain or ventilation pipes shall extend undiminished in size at least 2 feet above the highest window on roof, and all changes in direction of soil-pipes shall be made by Y branches or bends as the Inspector shall direct.

SECT. 9. All joints in iron drain-pipes, soil or vent pipes shall be made by thoroughly calking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full-sized

wiped joint and calking the ferrules to pipes which are of cast-iron, or screwing them to pipes which are of wrought-iron.

Sect. 10. Every water-closet, urinal, sink, basin, bath-tub, slop-hopper, and every tray or set of trays shall be furnished with a separate trap, placed as near the fixture as possible, and in no case shall the waste from the bath-tub or other fixture be connected with a water-closet trap. Traps shall be protected from siphonage or air pressure by special pipes of a size not less than the waste-pipe, placed outside or below the trap; lead pipes shall be used only where they are exposed to the view. Air-pipes for the water-closets shall be not less than two-inch bore. Two or more air-pipes may be connected together or with a soil-pipe, but such connection with a soil-pipe shall be above the upper fixture of the building.

Sect. 11. No drip or overflow pipes from safes under water-closets, urinals or other fixtures, no overflow pipes from tanks or cisterns, no waste-pipes from refrigerators or other receptacles in which food is stored, no rain-water conductors, and no steam exhaust pipes or steam waste-pipes, shall be connected with any soil-pipe. No openings shall be allowed in the soil- or waste-pipe of any building for the purpose of receiving the surface drainage of the cellar. No brick, sheet metal, earthenware or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil- or waste-pipe.

Sect. 12. Every water-closet or line of water-closets on the same floor inside of the building proper shall be supplied with water from a tank, and shall have a flushing pipe of not less than $1\frac{1}{4}$ inches diameter inside.

Sect. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

Sect. 14. Every privy vault shall be at least four feet distant from the line of an adjoining lot, unless by the con-

sent of the owner of such lot; and every vault shall be so constructed as to be conveniently approached, opened and cleaned, and shall be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it.

Sect. 15. No water-closet shall be inclosed with any upright woodwork.

Sect. 16. In the case of any dispute or difference in opinion between the Inspector and any person, the same shall be submitted by either party to the Local Board of Health, who shall pass upon the same, and whose finding therein, after hearing, shall be final and conclusive upon all parties. No member of said board shall sit in a case in which he is interested, and in case of such disqualification, or of the necessary absence of any member, the two other members shall appoint a substitute. If two or more members are so disqualified or absent, the Inspector shall appoint one substitute, the appellant another, and the two so appointed shall, if necessary, appoint a third.

Sect. 17. The Inspector of Buildings, in the name of the town, may take such measures as the public safety requires, to carry the provisions of this chapter into effect, and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

Sect. 18. A person violating any of the provisions of this chapter shall be liable to a fine not exceeding $50.

CHAPTER 9.

Street Railways.

Section 1. The annual report shall contain the following concerning the street railways in the town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the

terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the town.

Sect. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10.

Town Ways.

Section 1. Every way that shall be laid out for the acceptance of the town as a town way shall be not less than thirty feet in width.

Sect. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the town as a town way, the document relating to such laying out shall be accompanied by a certificate of a competent civil engineer, which shall be filed in the office of the Town Clerk, together with said document, before such way

shall be accepted. The said certificate shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the town.

MILTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1907-1908.

MARCH MEETING.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall, in said Milton, the fourth day of March next, at 7 o'clock A.M., then and there to act upon the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all Town officers as are required by law to be chosen by ballot, also on the same ballot to vote "Yes" or "No" in answer to the question, "Shall license be granted for the sale of intoxicating liquors in this Town?" The polls to be opened at 7 o'clock in the forenoon and may be closed as early as 2 o'clock in the afternoon.

ART. 3. To choose all such Town officers as are not required by law to be chosen by ballot.

ART. 4. To hear and act upon the Auditors' report, and reports of other Town officers or committees.

ART. 5. To see what sum of money the Town will appropriate for the support of schools the ensuing year.

ART. 6. To see what sum of money the Town will appropriate for the transportation of pupils the ensuing year.

ART. 7. To see what sum of money the Town will appropriate for the medical inspection of the pupils of the

public schools, the same to be expended under the direction and at the discretion of the School Committee.

Art. 8. To see what sum of money the Town will appropriate for the improvement in the sanitary condition of the Thacher and Sumner schools and to determine the method of raising such sum.

Art. 9. To see what sum of money the Town will appropriate for the Street Department the ensuing year.

General Expenses	Street Watering
Construction of Sidewalks	Removal of Ice and Snow

Art. 10. To see what sum of money the Town will appropriate for the Fire Department the ensuing year.

Art. 11. To see what sum of money the Town will appropriate to replace the old-style fire-alarm boxes with modern boxes.

Art. 12. To see if the Town will appropriate the sum of $125 for a fire-alarm box to be located at the corner of Centre Street and Vose's Lane.

Art. 13. To see what sum of money the Town will appropriate for repairs to the steam fire engine.

Art. 14. To see what sum of money the Town will appropriate for the use of the Department of Wires the ensuing year.

Art. 15. To see what sum of money the Town will appropriate for the Police Department the ensuing year.

Art. 16. To see what sum of money the Town will appropriate for miscellaneous expenses the ensuing year.

General Expenses	Town Hall and Lot
Interest	Printing
Abatements	Insurance
Contingent Fund	

Art. 17. To see what sum of money the Town will appropriate for street lighting the ensuing year.

Art. 18. To see if the Town will vote to erect five electric lights on Metropolitan Avenue, and appropriate money for the same.

Art. 19. To see if the Town will vote to erect an additional electric light on Morton Road at a point about two hundred feet (200 ft.), from Canton Avenue, and appropriate money for the same.

Art. 20. To see if the Town will vote to erect three electric lights on Huntington Road and appropriate money for the same.

Art. 21. To see if the Town will vote to erect one electric light on Randolph Avenue near North Russell Street, opposite the entrance of Saint Michael's Church, and appropriate money for the same.

Art. 22. To see what sum of money the Town will appropriate for the support of the poor the ensuing year.

Art. 23. To see what sum of money the Town will appropriate for Soldiers' Relief the ensuing year.

Art. 24. To see what sum of money the Town will appropriate for State Aid the ensuing year.

Art. 25. To see what sum of money the Town will appropriate for salaries the ensuing year.

Art. 26. To see what sum of money the Town will appropriate for hydrant rental the ensuing year.

Art. 27. To see what sum of money the Town will appropriate for the extension of water mains.

Art. 28. To see what sum of money the Town will appropriate for the Public Library the ensuing year.

Art. 29. To see what sum of money the Town will appropriate for the improvement of the Cemetery the ensuing year.

Art. 30. To see what sum of money the Town will appropriate for the Health Department the ensuing year.

Art. 31. To see what sum of money the Town will appropriate for the collecting of ashes and garbage the ensuing year.

Art. 32. To see what sum of money the Town will appropriate for the removal of ashes and garbage on Adams Street and streets adjacent thereto, from the junction of Otis Street and Adams Street to Hutchinson Street.

Art. 33. To see what sum of money the Town will appropriate for the removal of ashes and garbage on Capen Street, Mattapan District.

Art. 34. To see what sum of money the Town will appropriate for the maintenance of the Sewer Department the ensuing year.

Art. 35. To see what sum of money the Town will appropriate for the extension of the sewerage system the ensuing year.

Art. 36. To see what sum of money the Town will appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees the ensuing year.

Art. 37. To see what sum of money the Town will appropriate to be expended by the Tree Warden in the extermination of the gypsy and brown-tail moths.

Art. 38. To see what salary (if any) the Town will vote to pay the Tree Warden.

Art. 39. To see what sum of money the Town will appropriate for the general uses of the Board of Park Commissioners the ensuing year.

Art. 40. To see what sum of money the Town will appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots.

Art. 41. To see what sum of money the Town will appropriate for the general uses of the Board of Assessors the ensuing year.

Art. 42. To see if the Town will appropriate the sum of two hundred dollars ($200) to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Art. 43. To see what action the Town will take in regard to borrowing money.

Art. 44. To see if the Town will authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

Art. 45. To see if the Town will accept the list of jurors as prepared by the Selectmen.

Art. 46. To see if the Town will vote to accept Morton Road, from West Side Road to Morton Terrace (formerly Morton Place) and Morton Terrace (formerly Morton Place) as laid out by the Selectmen as Town Ways.

Art. 47. To see if the Town will vote to accept Tucker Street, running from Brush Hill Road to Blue Hill Avenue, as laid out by the Selectmen, as a Town Way.

Art. 48. To see if the Town will vote to accept Artwill Street, running from Reedsdale Road to Randolph Avenue, as laid out by the Selectmen, as a Town Way.

Art. 49. To see if the Town will vote to accept and allow an alteration of Brook Road, between Centre Street and Pleasant Street, as laid out or altered by the Selectmen, and to authorize the execution of conveyances necessary therefor.

Art. 50. To see what sum of money the Town will appropriate to construct that portion of Brook Road already laid out over the Metropolitan High Level Gravity Sewer that lies between the easterly boundary line of the estate of J. Henry Brooks and the westerly line of land belonging to Ernest W. Bowditch, a distance of about two thousand five hundred and fifty feet (2,550 ft.).

Art. 51. To see if the Town will vote to accept Spafford Road, running from Highland Street to Reedsdale Road, as laid out by the Selectmen, as a Town Way.

Art. 52. To see if the Town will vote to accept Warren Avenue, running from Blue Hill Parkway to Thacher Street, as laid out by the Selectmen, as a Town Way.

Art. 53. To see if the Town will vote to accept Bunton Place, running from Brackett Street to land of F. E. Badger, as laid out by the Selectmen, as a Town Way.

Art. 54. To see if the Town will vote to renew the electric light on Bunton Place.

Art. 55. To see what action the Town will take looking to the duplication of the records of its Town Meetings and the meetings of its Selectmen, and appropriate money for the same.

Art. 56. To see if the Town will vote to purchase land in East Milton, situated at the corner of Adams and Church Streets, and adjoining the Belcher School lot, and appropriate money for the same.

Art. 57. To see if the Town will authorize the Moderator to appoint a committee of three to consider the necessity of revising the By-Laws pertaining to the building of stables and report at the next annual meeting.

Art. 58. To see if the Town will authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

Art. 59. To see if the Town will vote to amend its By-Laws, Chapter 3, Section 1, by adding a sentence thereto so that the same shall read as follows:

"Section 1. The Warrant Committee shall, within two weeks after its appointment, meet at the call of the member thereof first named, for organization, by the choice of a chairman and secretary, and it shall meet thereafter from time to time as it may deem advisable. *It shall have power to fill vacancies in its number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.*"

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Town, fourteen days at least before said meeting, and leaving printed copies hereof at the dwelling houses in said Town, at least four days before said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, this fifteenth day of February, nineteen hundred and seven.

John F. Brown,
Maurice A. Duffy,
Jesse B. Baxter,
Selectmen of Milton.

Commonwealth of Massachusetts. Norfolk, ss.

Milton, March 4, 1907.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton, as within directed, to meet at the time and place, and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of

said town, and by leaving copies at the dwellings of the inhabitants.

PETER MCINTYRE,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to the foregoing warrant upon March 4, 1907, the following proceedings were had upon the several articles in said warrant, namely:

ARTICLE 1. Felix Rackemann, Esq., was chosen Moderator, and sworn by the Town Clerk.

The following appointments of Ballot Clerks and Tellers were made by the Selectmen, to serve at said meeting, viz:

J. Lewis Esau, Peter J. Barry, Charles S. Gage, Charles Mitchell, Jr., Herbert E. Clerk, Edward Gallagher, Ballot Clerks; and William J. Curran, G. Frank Kemp, Robert J. Clark, Frank L. Richards, Thomas B. Gordon, Patrick F. Mahoney, Theodore S. Watson, Philip S. Dalton, Lewis B. Currier, William A. Will, Edward Haley, Winthrop L. Carpenter, Gustave Bolles, John A. Hurley, William F. Welch, John H. Williams, James A. Roberts, Tellers; all of the above being sworn by the Moderator, except Messrs. Esau and Gallagher, who were sworn by the Town Clerk.

At 2 o'clock and 10 minutes, *Voted,* To close the polls for town officers in ten minutes, the result of the ballot being as follows, viz.:

ART. 2. Jesse B. Baxter, Maurice A. Duffy, James H. Perkins were chosen Selectmen and Surveyors of Highways.

Henry B. Martin was chosen Town Clerk.

Herbert B. Tucker was chosen Assessor.

J. Porter Holmes was chosen Town Treasurer.

Theron A. Apollonio, William B. Thurber were chosen School Committee for three years and Anne R. Cunningham for one year.

Josiah Babcock was chosen Collector of Taxes.

Henry H. Barnes, Austin W. Greene were chosen Auditors.

Nathaniel T. Kidder was chosen Park Commissioner.

Francis R. Hart was chosen Sewer Commissioner for three years and Philip M. Reynolds for one year.

Robert F. Herrick was chosen Water Commissioner.

Abijah W. Draper was chosen on Board of Health.

The following Constables were chosen: Peleg Bronsdon, Edwin L. Crossman, Fred M. Farrington, Edwin A. Houghton, Herbert R. Lawrence, Jacob S. Lincoln, Timothy McDermott, Peter McIntyre, Maurice Pierce, Henry C. Shields, Duncan B. Walker, James Wigley.

Orrin A. Andrews, H. Helm Clayton, Nathaniel T. Kidder were chosen Trustees of Public Library.

William H. Kennedy was chosen Trustee of Cemetery.

Lavina H. Brackett, Parker B. Field were chosen Overseers of Poor.

Nathaniel T. Kidder was chosen Tree Warden.

Voted, That no license be granted for the sale of intoxicating liquor in this town, the ballot being as follows, viz.: Yes, 164; No, 565.

Art. 3. The following officers were chosen *viva voce:* George Y. Badger, T. M. LeFevre, Fence Viewers. George E. Burt, Arthur H. Tucker, Surveyors of Lumber. Calvin H. Sanford, Pound Keeper.

Art. 4. *Voted,* That the Auditors' report be accepted and placed on file, and that in future the Library report, and the report of the School Committee be printed in the Auditors' report.

Voted, That the report of the Trustees of the Library be accepted.

Art. 5. *Voted,* To appropriate the sum of $72,600 for the support of schools, the ensuing year.

Art. 6. *Voted,* To appropriate the sum of $2,000 for the transportation of pupils, the ensuing year.

Art. 7. *Voted,* To appropriate the sum of $300 for medical inspection of pupils of the public schools, to be expended under the direction and at the discretion of the School Committee.

Art. 8. *Voted,* To appropriate the sum of $5,000 for the improvement of the sanitary conditions of the Thacher and Sumner schools.

Art. 9. *Voted,* That the following amounts be appropriated for highway expenditures the ensuing year, namely:

For general expenses $34,000 plus the excise tax received from street railways.

For permanent sidewalk construction, $1,000 plus sidewalk betterment taxes received during the year, this sidewalk appropriation plus betterment taxes to be used solely for the construction of new permanent sidewalks, for which the customary sidewalk betterment taxes may be levied.

For street watering, $9,000.

For removal of ice and snow, $2,500.

Art. 10. *Voted,* To appropriate the sum of $22,400 for the Fire Department, the ensuing year.

Art. 11. *Voted,* To appropriate the sum of $475 to replace the old-style fire-alarm boxes with modern boxes.

Art. 12. *Voted,* To indefinitely postpone.

Art. 13. *Voted,* That no appropriation be made.

Art. 14. *Voted,* To appropriate the sum of $250 for the use of the Department of Wires, the ensuing year.

Art. 15. *Voted,* To appropriate the sum of $24,200 for the Police Department, the ensuing year.

Art. 16. *Voted,* That the following amounts be appropriated for miscellaneous expenses, the ensuing year, namely:

For general expenses, $3,500.
For interest charges, $7,500.
For abatement of taxes, $2,000.
For contingent fund, $3,500.
For Town Hall and lot, $1,600.
For printing, $1,650.
For liability and fire insurance, $2,200.

Art. 17. *Voted,* To appropriate the sum of $12,587.50 for street lighting, the ensuing year.

Art. 18. *Voted,* To erect five electric lights on Metropolitan Avenue, and appropriate the sum of $87.50 therefor.

Art. 19. *Voted,* To erect an additional electric light on Morton Road at a point about two hundred feet from Canton Avenue, and appropriate the sum of $17.50 therefor.

Art. 20. *Voted,* To indefinitely postpone.

Art. 21. *Voted,* To indefinitely postpone.

Art. 22. *Voted,* To appropriate the sum of $6,500, also the proceeds from the Town Farm, and reimbursements from other cities and towns for the support of poor, the ensuing year.

Art. 23. *Voted,* To appropriate the sum of $1,500 for Soldiers' Relief, the ensuing year.

Art. 24. *Voted,* To appropriate the sum of $1,400 for State Aid, the ensuing year.

Art. 25. *Voted,* To appropriate the sum of $8,600 for salaries of Town officers, the ensuing year, said officers to receive the same salary as in 1906, save and except the Auditors, whose salary is increased to $300 each; the Clerk of the Selectmen to also act in that capacity for the Overseers of Poor.

It was also *Voted,* That the Inspector of Plumbing or the Deputy Inspector, receive for each permit issued the sum of $3.00, said amount to be taken from the miscellaneous account.

Art. 26. *Voted,* To appropriate the sum of $9,000 for hydrant rental, the ensuing year.

Art. 27. *Voted,* To appropriate the sum of $4,000 for the extension of water mains.

Art. 28. *Voted,* To appropriate the sum of $8,700, all fines received at Library in 1907, and the dog tax of 1906, for the Public Library, the ensuing year.

Art. 29. *Voted,* To appropriate the sum of $2,000 for the improvement of the Cemetery, the ensuing year.

Art. 30. *Voted,* To appropriate the sum of $1,500 (this appropriation to include expenses of inspection for sewer connections) for the Health Department, the ensuing year.

Art. 31. *Voted,* To appropriate the sum of $2,000 for collecting ashes and garbage, the ensuing year, and that in addition to the districts covered at present, there be included Adams Street and streets adjacent thereto, from the junction of Otis Street and Adams Street to Hutchinson Street, also Capen Street, Mattapan District, with the understanding that the land on which the refuse is dumped shall be kept in condition satisfactory to the Board of Selectmen.

Art. 32. *Voted,* To indefinitely postpone.

Art. 33. *Voted,* To indefinitely postpone.

Art. 34. *Voted,* To appropriate the sum of $750 for the maintenance of the Sewer Department, the ensuing year.

Art. 35. *Voted,* To appropriate the sum of $5,000 for the extension of the sewerage system, the ensuing year.

Art. 36. *Voted,* To appropriate the sum of $1,500 for the use of the Tree Warden, to be expended in the care and planting of shade trees and destruction of insect pests injurious to trees.

Art. 37. *Voted,* To appropriate the sum of $4,000 to be expended by the Tree Warden in the extermination of gypsy and brown-tail moths.

Art. 38. *Voted,* That the Town pay no salary to the Tree Warden.

On motion of C. S. Rackemann, Esq., *Voted,* That the thanks of the Town be given Nathaniel T. Kidder, Esq., for his long and faithful service (without compensation) as Tree Warden.

Art. 39. *Voted,* To appropriate the sum of $100 for the general use of the Board of Park Commissioners, the ensuing year.

Art. 40. *Voted,* To appropriate the sum of $100 to be expended by the Park Commissioners, in conjunction with the School Committee, in the improvement of school lots.

Art. 41. *Voted,* To appropriate the sum of $900 for general uses of the Board of Assessors, the ensuing year, to be disbursed as follows: For plans and clerk hire, $475. For list of copper stockholders, $75. For copy of real estate transfers, and probate list, $45. For telephones, $100. For printing poll tax, $90. For printing bills, $35. For printing posters and advertising, $30. Miscellaneous, $50.

Art. 42. *Voted,* To appropriate the sum of $200 to be expended by Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

Art. 43. *Voted,* That the Town Treasurer be authorized, with the sanction and approval of the Selectmen, to borrow such sums of money as may be necessary for the Town's use, in anticipation of the taxes for the year 1907; the total amount not to exceed $200,000, and that all sums so borrowed be made specifically payable from the taxes of the year 1907.

Art. 44. *Voted,* That the Collector of Taxes be authorized to use all means of collecting the taxes which a Town Treasurer, when appointed Collector, may use.

Art. 45. *Voted,* That the following list of Jurors, prepared and presented by the Selectmen, be accepted by the Town, viz:

Josiah Babcock, Charles H. Bearce, Joseph B. Blanchard, William C. Bronsdon, William Brophy, Thomas. J. Byrnes, William A. Campbell, Bartlett Cates, Edmund J. Carpenter, William W. Chapman, Charles E. Churchill, William H. Clark, Edward J. Colgan, Joseph R. Davidson, Eugene Dodd, John Dugan, Joseph H. Duffy, John J. Dugan, Tappan Eagan, Edward J. Eaton, John A. Esterbrook, John C. Fairchild, Jere P. Fenno, Herbert M. Ferry, Walter N. Fish, George W. Field, Charles Flynn, Richard L. Freeman, Edward Gallagher, Lewis W. Gage, George B. Gardner, James Gibb, Thomas B. Gordon, Bradford O. Hamilton, Michael Hansbury, Joseph H. Hall, W. Newton Harlow, Horace B. Hussey, David A. Heffernan, George B. Hersey, Arthur A. Hibbard, Frederick H. Hird, Charles A. Hoffman, J. Porter Holmes, Alexander H. Kissock, Horatio A. Lamb, Timothy M. Lennon, Robert A. Lewis, John Lobban, William A. Murray, Patrick F. Mahoney, James P. McKay, Peter McIntyre, Henry M. McCue, Harry McHugo, Timothy W. Melley, Lewis McHardy, George T. Nickerson, Richard H. Parker, George H. Partelow, Frank A. Rein, Murray Ruggles, B. G. A. Rosentwist, James Sangster, John Shields, John Shea, Arthur W. Tedcastle, Charles H. Thayer, Wallace C. Tucker, Washington I. Tuckerman, Arthur H. Tucker, Nathaniel J. Urquhart, Theodore S. Watson, Ellerton P. Whitney, Henry W. Vose.

Art. 46. *Voted,* To accept Morton Road, that portion running from West Side Road to Morton Terrace (formerly

Morton Place), and Morton Terrace (formerly Morton Place), as laid out by the Selectmen, as Town Ways.

Art. 47. *Voted,* To accept Tucker Street, running from Brush Hill Road to Blue Hill Avenue, as laid out by the Selectmen, as a Town Way.

Art. 48. *Voted,* To accept Artwell Street, running from Reedsdale Road to Randolph Avenue, as laid out by the Selectmen, as a Town Way.

Art. 49. *Voted,* To accept and allow an alteration of Brook Road, between Centre and Pleasant Streets, as laid out or altered by the Selectmen, and authorize the execution of conveyances necessary therefor.

Art. 50. *Voted,* That the portion of Brook Road, already laid out over the Metropolitan High Level Gravity Sewer, running from the westerly line of land of E. W. Bowditch to Pleasant Street, be constructed by the Town, in a similar manner as that already built between Canton and Randolph Avenues (about twenty feet in width), and in accordance with the established grades; and that the amount necessary for the construction be taken from the general highway appropriation.

Art. 51. *Voted,* To accept Spafford Road, running from Highland Street to Reedsdale Road, as laid out by the Selectmen, as a Town Way.

Art. 52. *Voted,* To accept Warren Avenue, running from Blue Hill Parkway to Thacher Street, as laid out by the Selectmen, as a Town Way.

Art. 53. *Voted,* To accept Bunton Place, running from Brackett Street to land of F. E. Badger, as laid out by the Selectmen, as a Town Way.

Art. 54. *Voted,* To erect one electric light on Bunton Place, and that the sum of $17.50 be appropriated therefor.

Art. 55. *Voted,* To indefinitely postpone.

Art. 56. *Voted,* To indefinitely postpone.

Art. 57. *Voted,* To authorize the Moderator to appoint a committee of three to consider the necessity of revising the By-Laws pertaining to the building of stables, and to report at the next annual meeting. Committee appointed: James S. Russell, Horace E. Ware, Arthur H. Tucker.

Art. 58. *Voted,* To authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

Art. 59. *Voted,* To amend the Town By-Laws, Chapter 3, Section 1, by adding a sentence thereto, so that the same shall read as follows:

"Section 1. The Warrant Committee shall, within two weeks after its appointment, meet at the call of the member thereof first named, for organization, by the choice of a Chairman and Secretary, and it shall meet thereafter from time to time as it may deem advisable. *It shall have power to fill vacancies in its number by vote, attested copy of which shall be sent by the Secretary to the Town Clerk.*

On leave the following resolutions were presented:

Resolved, That the Town express upon its records its appreciation and sense of gratitude for the long and faithful service of Mr. John H. Emerson, its Collector of Taxes.

Resolved, That Mr. William B. Weston, having offered and being desirous to give to the Town of Milton a "Drinking Fountain" for man and beast, to be located at the junction of Randolph Avenue and Adams Street, that we request the Board of Selectmen to accept said fountain; and that the Selectmen are hereby requested to keep said fountain supplied with water during the warm months of the year, at their discretion.

William H. Kennedy, deceased March 2, 1907.

William H. Kennedy, a good citizen and a valuable Town officer, is lost to us and we wish to put on record our appreciation of his services, and express to his family our sympathy.

Resolved, That the thanks of the Town be extended to the Warrant Committee for the thoroughness, fairness, intelligence and ultimate value of the service of which Committee this Town fully appreciates.

Voted, That the thanks of the meeting be tendered Felix Rackemann, Esq., for the able and impartial manner in which he has conducted the business of the meeting as Moderator.

At 7 o'clock and 18 minutes P.M., *Voted,* To dissolve.

The foregoing meeting was opened at 7 o'clock A.M., by the Town Clerk, who proceeded to read the warrant.

Upon the conclusion of the reading of the third article, it was moved that the further reading of the warrant be dispensed with; said motion being unanimously carried, the further reading of the warrant (except the concluding paragraphs) was dispensed with.

At the meeting aforesaid, the total number of ballots cast was 1,014, of which 17 were cast by women voters for School Committee.

A true record.

Attest:

Henry B. Martin,
Town Clerk.

Warrant Committee.

NOVEMBER MEETING.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, qualified to vote at elections, to meet at the Town Hall in said Milton, on Tuesday, the Fifth Day of November next, that being the Tuesday after the first Monday in said November, at seven o'clock in the forenoon, then and there to bring in their ballots for Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all of and for the Commonwealth; Councillor for the Second District; Senator for the First Norfolk District; Representative in the General Court for the Fourth Norfolk District; District Attorney for the South-eastern District; Sheriff for the County of Norfolk; one County Commissioner, and two Associate Commissioners for the County of Norfolk; also to vote Yes or No on the following amendment to the Constitution:

"Shall the proposed amendment to the Constitution authorizing the Governor, with the consent of the Council, to remove justices of the peace and notaries public be approved and ratified?"

The polls may be closed at 4 o'clock P.M.

And you are directed to warn said inhabitants qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Milton at least fourteen days before the day of said meeting, and leaving printed copies hereof at the dwelling houses in said Town at least four days before the day of said meeting.

Hereof fail not, and make due return of this warrant, with your doings hereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton, this eighteenth day of October, nineteen hundred and seven.

JESSE B. BAXTER,
MAURICE A. DUFFY,
JAMES H. PERKINS,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, ss.

MILTON, Nov. 5, 1907.

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton, as therein directed, to meet at the Town Hall, in said Milton, upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

Given under our hands at Canton this fifteenth day of November, A.D. 1907.

WALTER AMES,
HENRY B. MARTIN,
Town Clerks of Canton and Milton.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON.

Per order of the Chairman of the Board of Selectmen, the Town Clerk has had a search made of the records for all votes passed by the Town, accepting "Acts of the Legislature," from the year 1860 to the year 1906, which are herewith printed as follows:

March 19, 1866. *Voted,* To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

March 2, 1874. *Voted,* To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

March 4, 1878. *Voted,* To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

March 3, 1879. *Voted,* To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

December 8, 1879. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

March 1, 1880. *Voted,* To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

March 5, 1883. *Voted,* To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

March 7, 1881. *Voted,* To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

March 3, 1890. *Voted,* To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

February 12, 1891. *Voted,* To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

March 2, 1891. *Voted,* To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

February 3, 1894. *Voted,* That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 1893, relative to the election of a separate Board of Assessors.

November 28, 1894. *Voted,* That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled, "An Act Relative to the Reservation of Spaces in Public Ways."

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act Authorizing Cities and Towns to License Groves, to be Used for Picnics and Other Lawful Amusements."

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to Authorize the Establishment of a Building Line on Public Ways."

March 4, 1895. *Voted,* That the Town hereby accepts the provisions of Chapter 218 of the Acts of the Legislature of 1894, as amended by Chapter 473 of the Act of the

same year, being "An Act Relative to the Election of Boards of Health in Towns."

March 4, 1895. *Voted*, That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

June 29, 1895. *Voted*, That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled, "An Act to Authorize the Town of Milton to Construct One or More Systems of Sewerage."

March 1, 1897. *Voted*, That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the Suppression of Common Nuisances."

March 1, 1897. *Voted*, That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled, "Regulation and Inspection of Buildings."

March 3, 1902. *Voted*, That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

March 3, 1902. *Voted*, That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

July 14, 1902. *Voted*, To accept Chapter 307 of the Acts of 1902, entitled, "An Act to Supply the Town of Milton with Water."

August 16, 1902. *Voted*, To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to jurisdiction of towns over highways and county bridges.

March 2, 1903. *Voted*, To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

March 2, 1903. *Voted*, To accept Section 339 of Chapter 11 of the Revised Laws, and Acts in amendment thereof

and in addition thereto, relative to the election of Overseers of the Poor.

March 7, 1904. *Voted,* To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

March 6, 1905. *Voted,* To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

July 21, 1905. *Voted,* To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and browntail moths.

DEPARTMENTAL REPORTS.

REPORT OF THE ASSESSORS, 1907.

The Assessors of the town of Milton for the year 1907, beg leave to submit the following report:

The board organized with George W. Nickerson Chairman, and William W. Churchill Secretary.

The Assessors recommend an appropriation of $900 for the following purposes, viz.:

For renewing land plans and clerk hire.....	$475 00	
Lists of Copper Stocks.....	75 00	
Telephones for Assessors.....	100 00	
Printing poll tax lists.....	100 00	
Registry of deeds, returning transfers.....	45 00	
Advertising and printing posters for returns.	30 00	
Printing tax bills.....	25 00	
Miscellaneous.....	50 00	
Total.....		$900 00

The Assessors gave the notice required by statutes requesting tax payers to bring in true lists of their polls, real and personal property.

Number of polls assessed, 1,891; gain of 26.

There was a gain of $194,610 personal estate.

There was a gain of $352,450 on real estate, of which $290,200 was on buildings, and $62,250 on land, making a total gain in valuation for the year of $547,060.

Total number of horses, 942.

Total number of cows, 739.

Neat cattle other than cows, 10.

Number of swine assessed, 105.

Number of fowls assessed, 4,155.

Number of dogs, 502 males, 100 females; total, 602.

Number of dwelling houses, 1,395.

Number of acres land assessed, 6223.90.

Assessors' census, May 1, 1907:

East district, 2,437.

West district, 2,467.

Central district, 2,484.

Total census, 7,388.

Gain for the year, 175.

Number of male voters, 1,408. (Loss of 214 owing to revision.)

Number of female voters, 215.

Number of residents assessed on property, individuals, 1,008.

Number of non-residents assessed on property, individuals, 558.

All other resident firms, corporations, associations, institutions, trustees, estates, etc., 265.

Non-resident firms, corporations, etc., 73.

Residents on property, 1,273; non-residents, 631. Total, 1,904.

Poll tax only, 1,209.

Total number assessed, 3,113.

Value of buildings excluding land, $5,747,800.

Value of land excluding buildings, $5,560,625.

Total value, $11,308,425.

Gain for the year on buildings, $290,200.

Gain for the year on land, $62,250.

Total gain real estate, $352,450.

Gain in personal estate, $194,610.

Total gain in valuation, $547,060.

The town received in Corporation Bank taxes for 1906, $87,420.89: $964.07 less than in 1905.

TAXES ASSESSED IN THE TOWN OF MILTON FOR THE YEAR 1907.

Valuation of personal estate.....	$11,460,675	
Valuation of real estate.....	11,308,425	
Total valuation.....		$22,769,100

Number of polls, 1891.

Rate of taxation, $11.20 on $1,000.

Town tax.....	$167,940 11	
Metropolitan Park and maintenance of State highways.....	17,183 81	
County tax.....	16,558 59	
State tax.....	28,360 00	
Metropolitan sewerage tax, south system.....	24,702 32	
Overlay.....	269 09

Gypsy moth assessment, Jan. 1, 1906, to Jan. 1, 1907, assessed May 1, 1907..	559 93	
Total.....		$4,071 59
		6,983 59

Respectfully submitted,

George W. Nickerson,
Wm. W. Churchill,
Herbert B. Tucker,
Assessors of Milton.

REPORT OF TRUSTEES OF CEMETERY.

To the Citizens of Milton:

The Trustees of the Cemetery submit the following report for the year ending December 31, 1907.

Your board, as well as the town, has met with a great loss the past year in the death of two of its members, Mr. William H. Kennedy and Mr. Amor L. Hollingsworth.

Mr. Kennedy's term of office expired March, 1907, and he had been nominated for a further term of five years. Two days before Town Meeting he was taken ill and died within a few hours. The town was greatly shocked to learn of his sudden death. Mr. Kennedy served on the board thirteen years and during that time was Secretary and Treasurer. He was greatly interested in all work in the Cemetery and carefully looked after the finances and records.

Mr. Hollingsworth was the senior member of the board, having been first elected in 1881, and has served continuously since that date. Up to two years since, when his health began to fail, no one of the Trustees was more constant in attending the meetings, and none more interested in the welfare of the Cemetery. Mr. Hollingsworth was consulted as to the retaining or removing of trees when laying out lots and avenues, a matter that at times requires much consideration, and his judgment was valuable.

It may not be out of place to mention that both Mr. Kennedy and Mr. Hollingsworth were born in Milton and lived their lives here.

For the long, honest and economical service rendered by them the town is greatly indebted to Mr. Hollingsworth and Mr. Kennedy.

Mr. Hollingsworth died October 4 last, and as his term of office expired March, 1908, your board did not think it neces-

sary to fill the vacancy until the next Town Meeting, when his successor will be elected for a term of five years.

The board organized for the year with Samuel Gannett as Chairman and J. Frank Pope as Secretary and Treasurer. Thomas W. Pond was appointed Superintendent.

Work as follows has been done: 36 foundations for monuments, headstones and markers built; one monument removed; 17 old headstones reset; 4 lots regraded and reseeded; 13 graves myrtled; 18 new lots laid out; a new avenue, running from Pansy Avenue to Pine Avenue, about 270 feet long and 14 feet wide, is nearly completed. This avenue has been built by Superintendent Pond with his regular men as he could spare them from their routine work a few days at a time. When the avenue is finished it will give us 20 new lots. One hundred and nine interments have been made; 20 lots taken by citizens; 7 single graves taken; 4 lots sold to non-residents; 6 lots taken under perpetual care.

We have expended quite an amount, as the Treasurers' report shows, for the extermination of the gypsy moths. We believe we are justified in this expenditure. As stated last year, we are indebted to Mr. N. T. Kidder for advice in this work and we shall continue it under his supervision. We ask for an appropriation of $2,000 for the ensuing year.

Samuel Gannett,
C. Minot Weld,
J. Frank Pope,
Henry E. Sheldon,
Trustees.

REPORT OF TREASURER OF CEMETERY.

STATEMENT OF RECEIPTS AND EXPENDITURES BY THE TREASURER OF MILTON CEMETERY FOR THE YEAR 1907.

		$2,000 00

J. Frank Pope,
Treasurer.

ENGINEERS' REPORT.

To the Honorable Board of Selectmen:

GENTLEMEN:—The Board of Engineers herewith presents its annual report.

The year 1907 has been a very quiet one. There have been few fires and these, with two exceptions, were discovered and extinguished before serious damage was done.

On January 11th, 1907, the State Inspector of Boilers was asked to inspect the boiler of the steam fire engine. This was not done, however, until March 20th. The Inspector then condemned the boiler and ordered that it should not again be used. As no appropriation was made at the last annual Town Meeting with which to repair the engine, we were obliged to call upon the Warrant Committee to furnish funds to enable us to do the work. It was deemed best to rebuild the entire machine. This was done at a total cost of $2,600, of which $2,300 will be paid from the contingent fund. The engine has been entirely overhauled and rebuilt, has been brought up to date, and is now as good for all practical purposes as a new engine, and should do its work without any extensive repairs for many years.

In our report of a year ago we stated that the chemical engine was rapidly deteriorating. We have had this machine carefully inspected again this year, and this inspection shows that the deterioration during the last twelve months has been very rapid and that the forward tank of the machine is no longer safe to use. It has, therefore, been put out of commission. It will be but a short time before the entire machine must be condemned. Some piece of apparatus should be purchased to take its place and this board favors an automobile combination wagon, but as yet knows of no machine it

would be willing to recommend. We advise that an appropriation be made at the coming Town Meeting to be used by the Board of Selectmen and the Board of Engineers sitting jointly, to purchase a piece of apparatus to take the place of the present chemical engine. It is self-evident that one piece of apparatus located in the center of the town that can travel at a high rate of speed, well manned by trained men, will be fully as, or more efficient, and much less expensive to maintain than several pieces of apparatus not well manned, yet to be housed and cared for.

Five new style fire-alarm boxes have been installed, replacing the same number of old boxes. There are left but three old-style boxes which we deem it now advisable to replace with new boxes.

There should be 500 feet of new hose purchased to replace old hose that is giving out. No hose has been purchased for five years.

The discipline of the department has been excellent. One man has been added to the permanent force, thereby enabling the permanent men to have one day off in ten, as against one day off in fifteen, as formerly. The members of the call force have performed their duties promptly and well.

In December, 1906, we hired a small piece of land directly in the rear of the East Milton Fire Station, and from the appropriation of 1906 we built a small, inexpensive wagon shed and purchased a heavy exercising or coal wagon which is kept in the shed. This exercising wagon fills a long-felt want.

One horse has been purchased to replace an old horse disposed of. Because of the high price of supplies during 1907 we have not had sufficient funds to enable us to keep up the Department buildings and equipment as well as we should like.

Milton has responded to 33 alarms in Boston and one in Quincy; Boston has responded to seven alarms in Milton.

We recommend the following appropriations:

For new fire-alarm boxes, $300.

For new hose, $500.

For care and maintenance of the department during the coming year, $23,000.

Respectfully submitted,

GEORGE F. CHOATE,
ELLERTON P. WHITNEY,
Board of Engineers.

January 1, 1908.

REPORT OF THE BOARD OF HEALTH.

The Board of Health of the Town of Milton has the honor to present to the town its report for the year ending December 31, 1907.

The following appointments were made: Henry B. Martin, to be agent for signing burial permits; L. E. Young, to be inspector of plumbing and examiner of applicants for plumbers' licenses; B. F. Murray, to be deputy inspector of plumbing; Dr. A. W. Draper, to be agent for the Board of Health; S. A. Meagher was given a permit to carry on the business of rendering oil, tallow, etc.; Peter McIntyre to slaughter cattle and hogs for food; J. R. Lawrence, to empty vaults and cesspools.

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1905.	1906.	1907.
Diphtheria	28	17	41
Measles	70	60	5
Scarlet Fever	16	15	15
Smallpox	0	0	0
Typhoid Fever	4	10	5
Tuberculosis	4	7	9
Cerebro Spinal Meningitis	0	0	1

Seventeen permits have been issued for sewer connections, in each case the Inspector of Plumbing having made the necessary examinations.

John R. Lawrence has cleaned out 120 cesspools and 47 vaults.

There have been 97 deaths in the town during the year, giving a death rate of 13.13 per thousand inhabitants.

	1905.	1906.	1907.
Number of deaths in Milton . . .	80	94	97
Rate per thousand	11.34	13.05	13.13

The collection and disposal of garbage is everywhere a perplexing problem, and the question has been no more satisfactorily settled in Milton than elsewhere.

The collection of the garbage and ashes is under the control of the Selectmen, but as the Board of Health has had numerous complaints of the careless manner in which the work is often done, and of the disagreeable odors in the neighborhood of the piggery where the garbage is utilized, it is the duty of the board to abate any nuisance caused thereby. It is a difficult task to keep a piggery clean, but if it is not possible to prevent the odors arising from it being so disagreeable as to compel persons living in the neighborhood to keep their windows closed during hot weather, and to prevent their enjoying the out-of-door air, which should be uncontaminated, such piggery should be removed to a less thickly settled locality.

It is the opinion of the board that the collection of garbage and ashes should be under the control of the Board of Health, and not the Selectmen, as it is frequently a source of nuisance, which comes within the province of a health officer.

The condition of Pine Tree Brook has been investigated and several sources of contamination found between the Blue Hill Parkway and Turner's ice pond. It is the opinion of the board that in the near future this part of the brook should be deepened, and the sides be bordered by stone walls, as the most rational method of controlling the brook and preventing its pollution.

There is considerable odor arising in connection with Meagher's soap factory, although everything possible is done to prevent it. The source of the odor is the water from the boiling of the material used, which is now run out on the land, as the only means of disposing of it. It is advised by

the board that a sewer be built through Houston Avenue, which has many houses on it, and that this water from Meagher's factory be emptied into it.

Considerable attention has been given to the investigation of all places where milk is produced for public sale, and it was found that in many of them the regulations of the board were not followed.

These regulations relate almost entirely to cleanliness, and are in conformity to those of the State Board of Health.

The souring and spoiling of milk is due to germs, which multiply very rapidly under conditions favorable to it.

Heat is the chief cause for this rapid increase in the number of germs, therefore milk should be cooled immediately after it is drawn from the cow, to a temperature of 50 degrees and kept at that temperature: thereby preventing further development of germs, and the spoiling of the milk caused by them. Although it is impossible to produce milk absolutely free from germs, the greater the cleanliness the fewer the number of germs which get into the milk in the first place. For this reason, barns should be kept as clean as possible, as well as the persons of those who do the milking or handle the utensils, bottles and cans. It is well to remember that bottles and cans should be rinsed in cold water first, and then in hot water.

In order that a more satisfactory supervision can be kept over the production and sale of milk, it is advisable that all persons selling milk should be licensed, as is done in Boston and the neighboring towns, and that an inspector should be appointed, whose duties should be to grant licenses, and to see that milk is kept at the proper standard.

During the past year, Boston has refused licenses to some Milton milk producers, because their premises were not sufficiently clean.

Yet there is no way now of preventing these same producers from selling their milk in Milton, or of Boston dealers disposing of a poorer quality of milk in Milton than they could in

Boston. It is urgently recommended that a milk inspector be appointed by the Selectmen, as they have the authority to do, according to the Revised Laws, Chapter 56, Section 51.

The crusade against tuberculosis has not been vigorously pushed, as there are apparently few cases in the town. It is a reportable disease, so the board should have knowledge of all the cases that develop.

In case of the death or removal of a person with tuberculosis the premises are fumigated before being again occupied.

Although it is well known, too much stress cannot be laid on the fact that the chief element of danger is in the sputum, which, by becoming dry and powdered, mixes with the dust, and may be inhaled, and produce the disease in others. In order to avoid this, all sputum should be expectorated into papers and burned. This is the only disposition that should be made of it; it should not be expectorated into handkerchiefs, as washing does not destroy the germs; nor should it be thrown into vaults or waterclosets, as from them it may get again into the air.

Another fact to be impressed on the public mind is that there is no danger to tuberculous persons from fresh air, whether it be wet or dry, night or day; but on the contrary fresh air is the most important weapon with which to combat the disease.

A person who has had a cough for a long time, whether he feels sick or not, should consult a physician in regard to it.

According to recent legislation, persons who are ill with tuberculosis, and in need of public assistance, are to be cared for by Boards of Health, as is done in cases of other contagious diseases, and not by Overseers of the Poor as heretofore.

The reason for this change is in order that persons with tuberculosis may not become pauperized because they have to be cared for at public expense, any more than if they had

scarlet fever, diphtheria, or any other disease dangerous to public health.

On account of this the appropriation for the Board of Health will necessarily have to be increased.

Bills approved by the Board of Health during the year 1907:

REPORT OF THE INSPECTOR OF PLUMBING.

To the Honorable Board of Health:

GENTLEMEN:—I beg leave to submit the following report for the Department of Inspection of Plumbing for the year ending December 31, 1907.

One hundred forty-three permits to perform plumbing work have been issued on application, the valuation of this work being, approximately, twenty-eight thousand, six hundred fifty dollars ($28,650).

Six plumbers renewed their licenses in Milton.

Eleven plumbers from other towns and cities registered at this office.

Sixteen buildings were examined regarding drainage and ventilation work therein, before being connected with the town sewers, and necessary improvements ordered in several cases.

Respectfully submitted,

LORENZO E. YOUNG,
Inspector of Plumbing.

REPORT OF THE INSPECTOR OF BUILDINGS.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my annual report for the year ending December 31, 1907. Seventy-two applications have been made for alterations, additions and new buildings, and seventy-two permits have been issued and granted for same.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT.

Months.	Permits issued for Wooden Buildings.	Permits issued for Stone and Brick Buildings.	Value of Work by application.
January . . .	2		$3,200 00

Making the valuation of the work completed and to be completed, one hundred ninety-eight thousand, eighty-five dollars ($198,085).

Office hours of the department, 7.30 to 9 P.M., Tuesday and Thursday.

Respectfully submitted,

G. E. BURT,

Inspector.

REPORT OF THE INSPECTOR OF CATTLE.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1907.

I have, during this past year personally inspected one hundred twenty-one stables on one hundred sixteen premises where cattle are kept, all of which I found in good sanitary condition and meeting requirements in regard to size, light, ventilation, cleanliness and water supplies.

I have given a physical examination to seven hundred sixty-six cows, sixteen bulls, forty-seven sheep, and two hundred forty swine, all of which I consider free from contagious diseases and in healthy condition.

I also examined three cows which were tuberculous and four dogs which had rabies, all of which were killed per order of the Cattle Bureau of the State Board of Agriculture.

Besides this I have inspected and stamped carcasses slaughtered in town for market.

Respectfully submitted,

JAMES SPENCER.

REPORT OF THE INSPECTOR OF WIRES.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith present the report of this department for the year ending December 31, 1907.

INTERIOR WIRING.

The interior wiring of 72 buildings for the installation of light and power was inspected, requiring 190 visits. Seventy-eight permits were granted the Edison Electric Illuminating Company to supply service.

OVERHEAD CONSTRUCTION.

But few changes have been made in the pole lines during the past year. They are in very satisfactory condition.

There is a large amount of old wire of the Edison Company in very poor condition that should be renewed. Their attention has been called to the existing conditions, but up to the present time no notice has been taken by them of repeated warnings.

I desire to call your attention to my last year's report in regard to renewing the old iron wires belonging to the town, believing this to be a most important matter. I renew my recommendations of last year that an appropriation be made for this work. For the purchase of materials, for repair work, and for the renewal of fire and police wires, I recommend an appropriation of fifteen hundred dollars ($1,500).

Respectfully submitted,

GEO. F. CHOATE,
Inspector of Wires.

REPORT OF THE PARK COMMISSIONERS FOR 1907.

To the Citizens of Milton:

This year East Milton Playground has been gone over more carefully than for several years, the gray birches having become rather too abundant in parts of the grounds. More gravel has been sold from the pit than for some time. We understand that there will be an article in the March Meeting Warrant, asking that the town transfer from the School Committee to the Park Commission the land on which stood the old public school at East Milton. As the playground runs along the side and back of this land it seems to us desirable that this transfer be made, especially as the balance at present to the credit of the playground would more than cover any expenses necessary to fill the old cellar and otherwise put the ground in order.

A new row of oak trees was planted at Brook Road Playground under circumstances as favorable as they could be made. That is, good manure was put as a mulch around each tree, and the planter agreed to replace without charge any which should be dead at the end of a year. The severe drought of the summer makes it more than likely that several will have to be replaced. The soil is here very poor.

Waterside Common was furnished with a "back-stop" at the suggestion of the Rev. Mr. Hazard, who indeed attended to all the details, the town assuming the expense.

Dollar Lane Playground has been put into fair condition, both as to the main field where games would be played, and the Canton Avenue end. The old waterway across the field, running as it did only for a short time after heavy rain or thaw, made this rather difficult. Two large pipes have been laid, which it is hoped will carry the water away without

damage. The expense of all the work here under our guidance up to the present has been met by the Trustees of the "Cunningham Fund." The Blue Hill Avenue end is still in very rough shape, but we hope to improve this gradually. We do not anticipate any material outlay for the present.

With the appropriation made for the improvement of school lots we have dug out portions of the gravelly soil at Belcher School and put back good loam in which to plant shrubbery next spring. We have also trimmed the trees at Thacher School, and removed two or three which were too near the building or had become weak from age.

We ask again for one hundred dollars ($100) for the general work of the department and one hundred dollars ($100) for the work on the school lots, which work is subject to the approval of the School Committee.

Respectfully submitted,

NATHANIEL T. KIDDER,
HORATIO A. LAMB,
CHAS. E. ROGERSON,
Board of Park Commissioners, Town of Milton.

Milton, Jan. 1, 1908.

POLICE DEPARTMENT.

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1907.

Water running to waste	6
Wires burning trees	14

STOLEN PROPERTY.

Amount reported stolen	$892 00
Amount recovered	310 00

CRIME.

No assaults of a serious character have occurred in the town the past year. There were two cases of house-breaking, and two shops entered. One of the houses was entered between seven and ten o'clock at night while the folks were out. When we consider the size of our town and surroundings, we wonder we have been as fortunate as we are, knowing what has happened in cities and towns adjoining us.

THE FORCE.

The conduct and discipline of the Force has, in the main, been excellent, and all calls for extra service have been cheerfully complied with, and I thank them collectively and individually for their loyal co-operation.

AUTOMOBILES.

On account of numerous complaints to the Board of Selectmen about automobiles being operated at an excessive rate of speed throughout the town, by their orders I bought a

motorcycle and detailed Officer Fallon to ride it, and since October 1st he has arrested eighteen and got convictions in every case. So the machine has paid for itself in the two months that it has been in service. I consider that it is very dangerous riding the machine on our streets. I would recommend the purchase of a Stanley Steam Car, which can be used at any time of year. We cannot use the motorcycle at the present time on account of the cold weather—with the high power cars they are now manufacturing a motorcycle could not catch them—the best a motorcycle can do on the street is forty miles an hour while some of the automobiles go sixty miles an hour, and care for no one.

In conclusion, allow me to extend to your Honorable Board my sincere thanks for the many courtesies rendered and advice given during the year; also to many citizens for valuable information received.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

REPORT OF OVERSEERS OF THE POOR.

The Board of Overseers of the Poor has the honor to submit its annual report for the year 1907.

TOWN FARM.

The care of the Farm and the inmates has continued in the charge of Mr. and Mrs. Calvin H. Sanford as Superintendent and Matron. The average number of inmates has been a small fraction less than last year. Ellen Crane died August 20, having been an inmate since 1865.

The quarters for the women inmates (in the main building) are excellent and are now occupied nearly to their full capacity. By cutting one of the larger chambers into two rooms, a slight improvement has been effected. The exterior of each of the different buildings has been put in order and painted during the year.

The men's dormitory as at present arranged, is filled to about its full capacity. The accommodations for the men, especially for men sick or in feeble health, are not suitable or adequate for the purpose, and some improvement should be made by which food and care may be properly provided for such cases.

The dormitory is a separate building, without cellar or sufficient heat or any arrangement for cooking or caring for the sick.

The inmates requiring the greatest care are those enfeebled with age, and affected with incurable disease, needing the constant care of some competent person.

For these no hospital or home is open. There is no place but the almshouse which will receive them. They, with others equally hard to place elsewhere, constitute the class which makes it necessary to maintain an almshouse, and to maintain it somewhat on the methods of a hospital. It is evident that

some improvement must soon be made by which feeble and sick men can be better cared for.

The custom of the past few years, of providing occasional simple entertainments for the inmates, has been continued, and has afforded much pleasure and benefit.

The Town Farm contains about thirty-five acres of rolling surface, about two-thirds of which is covered with tree growth varying in age from ten to thirty years. The inspection and protection of this area against infestment by insect pests is included by the Tree Warden in his care of town property.

The net cost of maintaining the Town Farm for the year has been $3,574.15. This includes $386.50 expended for permanent improvements, and $350.06 for extraordinary repairs, making a total of $736.56 for unusual expenditures. This sum is not included in ascertaining the per capita cost.

OUTSIDE POOR.

The policy and methods for the help of persons in need of aid adopted by the Overseers four years ago, have been continued through the year with good results. Mr. Albert Rounseville has continued, as agent of the board, in charge of all cases outside the Almshouse. It is his duty to investigate

and determine the legal settlement of all persons applying for relief or reported to the board by other cities and towns in the State, also to determine the settlement of all cases reported by the local Board of Health. He visits, frequently as each case requires, all persons receiving direct aid from the board, and makes a written weekly report of his work. He is present at all meetings of the board, attends to the records and correspondence, and reports at the meetings of the board fully regarding all cases, so that the board may determine what action shall be taken.

It has been the purpose of the board to assist each person asking for aid, to help himself, by aiding him to find employment suited to his ability, or to interest others in his misfortune, who will give temporary aid until such time as he can again be fully self-supporting. If either of these two plans be possible, kindly disposed persons have the opportunity to aid the unfortunate, who will otherwise be exposed to the peculiarly degrading influence upon his character, brought about by public pauperization. The board is pleased to report that during the year two households, which had unfortunately come to want through no fault of their own, have been wholly assumed by benevolent organizations. The first was taken in charge by the Associated Charities of Boston, the second by the Social Service Committee of the Woman's Club of Milton. That this work is so successfully undertaken by the Social Service Committee is cause for congratulation, as it is a good beginning in a good work, the opportunities for which will widen as years go on. A still further step in the right direction will be taken when a consolidation of all charitable and benevolent work is effected in Milton, whereby one central bureau can have information regarding all cases of need, and all aid given, thus securing a more intelligent distribution of relief, and preventing excesses, such as four or five turkeys at Thanksgiving to one family, from as many kindly disposed persons, each ignorant of the other's gift.

MILTON, MASS., Jan. 1, 1908.

THIRTY-SEVENTH ANNUAL REPORT OF THE BOARD OF TRUSTEES OF THE MILTON PUBLIC LIBRARY

In presenting their annual report, the Trustees of the Milton Public Library would first mention the loss the Library and the entire town have sustained in the death of Mr. Amor L. Hollingsworth. Appropriate resolutions were passed at the time, were spread upon the records of the board, printed in the *Milton Record*, and sent to Mr. Hollingsworth's family. But again the Trustees would express their sense of loss they have sustained in parting with their associate of many years.

In accordance with the Massachusetts laws for Trustees of town libraries (see Revised Laws, Chapter 11, Section 361), the vacancy on the board caused by Mr. Hollingsworth's death was filled by the joint action of the Trustees of the Library and the Selectmen of the town in electing Mr. Harry K. White to the unexpired term. A reorganization of the board, therefore, became necessary. Mr. Kidder resigned as treasurer and Mr. Rogerson was elected in his place and took office, November 18, 1907. Mr. Kidder was elected chairman.

The Trustees have the pleasure to report a generous gift of $500.46 from the Milton Woman's Club, which has been permanently invested under the name of "The Milton Woman's Club Fund," the income to be expended for the Children's Room.

The Library has also received books from the Maxwell estate, and such books as were not needed by the Library were sold, and the receipts, though small, were constituted into a permanent fund.

The Trustees wish to commend to the citizens of the town a perusal of the report of the Librarian. The increase in

the usefulness of the Library during the past eight years is as remarkable as it is gratifying.

NATHANIEL T. KIDDER, *Chairman*,
CHARLES E. ROGERSON, *Treasurer*,

REPORT OF THE LIBRARIAN

Milton, Mass., January 1, 1908.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1907.

In making my report for this year, I have taken as a basis of comparison the statistics for the year ending December 31, 1899, and have outlined the growth of the Library in its various departments during the eight years of the present administration.

December 31, 1899, it was estimated that there were in the Library about 12,000 volumes. The circulation for that year was 19,168, of which number 508 were sent to the schools, 3,426 to East Milton, and 682 to Russell Reading Room.

At that time there were no books on deposit at the branches, the branch service being limited to a weekly delivery from the Central Library. The number of books allowed the teachers was limited to one book to every two pupils in the high and grammar schools, and one book to every three pupils in the primary schools. No child under the age of fourteen years was allowed to take out books, and with few exceptions, no person was allowed more than one book at a time.

Section 10 of Article 2 of the old By-Laws reads: "Persons visiting the Library will be required to deport themselves quietly, and to avoid all unnecessary conversation. No persons except the Librarian and the Trustees shall be allowed to take books from the shelves. The only persons allowed to come within the railing of the division where the books are kept are: 1st, the Librarian, and such persons as may be assisting the Librarian. 2d, the Trustees, and visitors personally conducted by one of them. 3d, Librarians or

managers of other libraries who may wish, for some good reason, to inspect the Library." Gradually these restrictions have been removed, until at present the Library is more concerned with what a person may do than with what he may not do.

The Library has been reclassified according to the Dewey decimal system; it has also been recatalogued, which has necessitated writing, reading proof for, sorting, and filing some 75,000 cards. During the eight years the total number of volumes which have been catalogued has been 19,894.

In addition to the weekly delivery from Central, there are on deposit at each branch from 200 to 400 books, some of which are changed each month, and which may be taken from the branch in the regular way.

No limit is placed on the number of books allowed each teacher except that of the resources of the Library. There is no age limit; no child is too young to be welcomed. All persons are allowed as many books as they may need at one time, with the exception of new fiction, which is limited to one book. The stacks are open to all persons visiting the Library.

We now have a complete system of registration, so that each borrower can be traced both by his name and by the registration number assigned to him. We have also an exact record of all additions to the Library, so that we can tell at any time either the total number of volumes in the Library, or the total number in any one class.

There is a careful system of tracing books loaned to families in which there is contagious disease, to insure proper fumigation by the Board of Health before the books are returned to circulation. In the case of virulent diseases the books are burned. The Library is indebted to the Board of Health for its willing co-operation.

The schools and the Library are in close affiliation. The children's librarian regularly consults with the teachers as to their needs for supplementary reading. Much more work

could be done with the schools if the Library had a sufficient number of books to supply all of their needs.

Bulletins of new books are printed quarterly; these bulletins contain also items of interest concerning the Library, and at times lists of books on special subjects. Two editions of the Rules and regulations have been printed during the past eight years, and a Manual for the Trustees has just been issued. For two years a list of books suitable for Christmas gifts to children has been printed and the books themselves have been on exhibition in the children's room.

A succession of exhibits has been held in the art room, such exhibits including collections of photographs and paintings.

Frequent meetings of the staff are held so that assistants shall keep in touch with all parts of the work. Regular meetings of the branch assistants are held once a month. At these meetings the problems of the different branches are discussed and plans for increasing the service are evolved. At the end of the year each branch assistant hands to the Librarian a written report of the work of her particular branch.

These reports show the following increases for the year:

	ATTENDANCE		CIRCULATION	
	1906	1907	1906	1907
East Milton	14,683	14,661	13,579	14,757
Mattapan	11,520	12,610	10,836	10,917
Russell	923	1,304	1,570	1,752

Both Miss Babcock and Miss Vose make strong pleas for more books, saying that the supply is not equal to the demand.

The village branch was closed May 1, 1907. The Trustees were compelled to take this step because the room was used so little that the cost of maintenance was out of all proportion to the service rendered.

There have been two changes in the staff. Miss Ella F. Neill resigned her position April 1; and Miss Julia C. Knowlton resigned October 5, to accept a position in the library school of the University of Syracuse, New York.

The Library received from the estate of Miss Elizabeth B. Maxwell 468 volumes, pamphlets and numbers, and two pictures of the ship *Clarissa,* owned by Captain John Mansfield, an uncle of Miss Maxwell's; it has also received from other sources 1,336 miscellaneous gifts, among them a framed print of Washington, signed Amos Doolittle, New Haven, March 1, 1794, the gift of Mrs. Frances C. Wainwright.

There have been during the year 331 new registrations, making the total number of card holders to date 2,807.

The total attendance for the year has been 50,750; at Central 22,175; East Milton 14,661; Mattapan 12,610; Russell Reading Room 1,304. It is interesting to note that the increase at the Central Library alone has been 1,293.

The circulation has increased from 60,329 in 1906 to 63,955. The appendices give detailed statistics of the various departments.

The work of the children's room deserves special mention. Last year the attendance of the room was 8,007; this year it was 10,173. The circulation for 1906 was 7,497; for 1907, 8,685, an increase of 1,188. In 1906, 3,671 books were circulated from the schools; in 1907 the number so circulated was 4,283.

To sum up the growth of the whole Library for the eight years, December 31, 1899, the Central Library was open 45 hours a week; to-day it is open 60 hours a week during six months of the year, and 65 hours a week during the other six months, the latter including Sunday time. The branch hours remain the same.

In 1899 there were in the Library about 12,000 volumes; to-day there are 19,043. The circulation for the year ending December 31, 1899, was 19,168; the circulation for the year just ended was 63,955. The total increase in circulation for the eight years has been 44,787, an increase per capita from 2.9 to 9.*

*Based on State census for 1905.

It is sometimes said that the Library is expensive. It is true that the expenses have increased from 32 4/13 cents per capita in 1899, to $1.44 per capita in 1907, but the circulation of books has increased from 2.9 per capita to 9 per capita; furthermore the expenses in 1899 are no more to be compared with the present expenses than the cost of maintaining one of our well equipped and carefully organized schools here in Milton.

In addition to the running expenses of 1899, we now have the expense of an extra branch, of a house-to-house delivery system, of more frequent deliveries to branches and deposit stations; of the increased salary for the Librarian; of salary for four assistants; of a janitor who is on duty for full time; of extra lighting and heating which more than offset the amount paid for rent, and of a much larger expenditure for books.

If, however, with the increase of expenditures there follows a corresponding increase in the quantity and quality of the work done, is the money not profitably expended?

The ideal library in any town should be a social and a civic centre, and if it lives up to this ideal, it is making an important contribution to the town along the lines of good citizenship.

Respectfully submitted,

GERTRUDE E. FORREST,

Librarian.

REPORT OF THE SELECTMEN.

The Board of Selectmen hereby submits its seventy-first annual report.

At the time of the closing of the books, January 3, the balances of the various departments were found to be satisfactory, and will be ample for the remainder of the year, under normal conditions. Two transfers have been made from the Contingent Fund: one to the Interest Account, because of the high money rates which have prevailed during the year, and the other to the Tree Warden's Account, because of the increased spread of the gypsy and brown tail moths. Another transfer will be made to the Fire Department, because of repairs made upon the steam boiler, which was condemned shortly after the last Town Meeting. This has been paid from the regular appropriation of the Fire Department, and it is necessary to refund it.

At the beginning of the year it was deemed advisable to re-audit the accounts of the Tax Collector, as a new collector was about to assume control of that department. This work was done to the satisfaction of the Selectmen and without expense to the town.

One of the most important questions before the town at the present time is that of the preservation of the highways from the wear and tear of automobile traffic, and early in the year the Selectmen visited several towns for the purpose of studying this question. After careful consideration, it was decided that the method of treating the streets, especially macadam surfaces, with an emulsion of light petroleum oil and soap, was the best to pursue, and this method has been put into operation during the past summer. Although the

nature of the work has been wholly experimental, the results have been, in the main, satisfactory, and we advise its continuance during the coming year.

The question of suitable material for highway construction and maintenance becomes more and more serious as time goes on. The lease of the gravel pit at East Milton expires this year, and we recommend that it be renewed, if possible. We also strongly advise securing control of the ledge opposite the stone crusher on Blue Hill Avenue, where there is, probably, ten years' supply of suitable stone for macadam road building.

There is at present $3,500 to the credit of the town on the books of the county, payable at the satisfactory completion of that unfinished part of Randolph Avenue from the foot of Tucker's Hill to the Quincy line. The conditions, especially on the hill, require attention, in our opinion, and we would suggest that a small appropriation be made yearly until this work is completed.

The work of the different public service corporations and of the various town departments within the highway limits having increased very materially during the past few years, we are of the opinion that the establishing of the office of a Town Engineer, to procure more uniform co-operation, is a step in the right direction, and should be taken under consideration by the town without delay.

During the year the question of the speed of automobiles over our highways has constantly arisen, and to combat this a motorcycle was procured, and a police officer detailed to regulate the matter. The general effect has been good, and although there is opportunity for improvement, we feel that the average speed has been materially reduced. During the year we have closed Harland and Forest Streets to automobiles, believing that public safety demanded it.

Three years ago the town entered into a five-year contract

with the Edison Electric Illuminating Company on a so-called "moonlight schedule" basis, and although we are getting an equivalent for what is appropriated, there is constant complaint that at times the streets are inadequately lighted. We have given attention to this matter and have tried several experiments, in an endeavor to get more satisfactory results, but have finally decided that the matter can best be adjusted by discontinuing the present system and renewing on an "all night schedule" basis. This will insure proper lighting from one half hour after sunset until one half hour before sunrise, every night throughout the year, but the fact that it will require an added appropriation of about $3,000 should be considered.

The collection of ashes and garbage is a matter that has been more or less unsatisfactory since its inception, the question being raised as to whether the subject, which is largely of a sanitary nature, does not properly come within the sphere of the Board of Health, and, further, as to the legality of the whole matter, because of the fact that the appropriation is raised in the general tax levy and devoted to a specified section and not to the whole town. We believe that at no distant date the question should be thoroughly investigated, with especial attention to the territory to be covered, and the methods to be employed in carrying on the work, whether by the town, or by private individuals, as at present.

The tax rate was again slightly reduced during the year, and, with no extraordinary expenditures confronting us, we trust that there may be a continued reduction.

Thirty-two thousand, five hundred dollars ($32,500) of the bonded indebtedness has been paid this year, leaving the balance at the present time $349,500.

There has been no change in the management of the various departments during the year, and we desire to commend the

hearty spirit of co-operation which has tended toward the general welfare of the town.

Jesse B. Baxter,
Maurice A. Duffy,
James H. Perkins,
Selectmen of Milton.

REPORT OF THE SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit the annual report of the Street Department for the year 1907.

During the month of April the usual street cleaning and light repair work was done. This work increases each year, and consequently requires more expense and time.

Canton Avenue, from Holmes Lane to the front entrance to the Russell estate, was regraded, widened and resurfaced with crushed stone.

Brush Hill Road, from Brook Road to a point beyond Cheever Street, was resurfaced with crushed stone. This street was repaired in many places with gravel and crushed stone.

Sections of Canton Avenue near the Hemenway and Eustis estates were resurfaced with broken stone.

Blue Hill Avenue was repaired in many places. The Hill near Atherton Street was dug out and rebuilt with stone and gravel.

Harland Street was repaired with gravel and put in very good condition.

Hillside Street was repaired with broken stone and gravel in many places between Randolph Avenue and the Metropolitan Park line.

Randolph Avenue from the foot of Tucker's Hill to Highland Street was widened and resurfaced with broken stone. The stone culverts on this street were extended to the street line. Many trees and much underbrush were cut and cleared away, making quite an improvement in the appearance of this street.

Centre Street near Adams, was regraded and repaired with gravel.

Adams Street, from Algerine corner to Edge Hill Road, was regraded and resurfaced with crushed stone. Much gravel taken off the street was used for surfacing Brook Road.

Brook Road, from Adams Street to Pleasant Street, was graded to the established grade and surfaced with gravel.

Granite Avenue, near the railroad crossing, was rebuilt and surfaced with crushed stone.

Willard Street was repaired with crushed stone.

Huntington Road was gravelled to the end. This street is now in very good condition.

Artwill Street was gravelled the entire length.

Warren Avenue had much repair work done upon it.

Blue Hill Terrace Street was extended to Blue Hill Avenue.

Tucker Street was gravelled its entire length.

Many other streets in different sections of the town were repaired with gravel and crushed stone.

DRAINS.

A surface drain was laid in Randolph Avenue from Centre Street to the culvert at the bottom of the hill.

This work did away with the paved gutters across Centre Street at Randolph Avenue, which had become a nuisance to the travelling public.

A similar drain was laid on Randolph Avenue where Brook Road crosses.

A stone drain was laid on the hill on Canton Avenue near Elm Street.

Catch basins were built and connected with these drains.

All the drains and catch basins throughout the town were properly taken care of and cleaned.

SIDEWALKS.

The only permanent sidewalk laid this year was on Adams Street, from Squantum Street to Mr. Bowditch's estate.

Gravel sidewalks were built on Highland, Robbins and Thacher streets.

Many old sidewalks were repaired with gravel and stone dust.

STREET WATERING.

This work was carried on in practically the same manner as the preceding year. Sprinkling the streets with oil was tried with good success in different parts of the town.

ICE AND SNOW.

This work is done in the same manner each year, and depends largely on the weather conditions.

REMARKS.

Many of our gravel roads become very soft from the action of the frost during the winter season. This easily shows that macadam roads are much better and more economical, and should be built rather than gravel.

Gravel should not be used to any extent on any main road.

In certain parts of the town, where the soil is naturally very wet, stone drains should be laid, in order that the road surface might be free from spring water.

This drain work is very essential to keeping the road surface dry and hard.

Each year many drains and catch basins have to be built to care for surface water, which otherwise would become a nuisance to property owners.

This work is quite expensive and requires much attention.

The street watering question is one that is receiving the attention of road authorities and experts of the cities and towns around Boston at present, and three treatments have been tried with success, viz., sprinkling the streets with oil emulsion, a solution of calcium chloride and water, and treating the surface of a street with tarvia when hot.

These different treatments have been found successful, and should be adopted as much as possible for the benefit of our streets.

All authorities are in accord that sprinkling streets with water is no longer the proper treatment for the dust nuisance.

In concluding this report I most respectfully tender your honorable board my sincere thanks for your suggestions and assistance, to the citizens of the town for their appreciation of the work done, and to the employees of the Street Department for their work in general.

INVENTORY OF STOCK AND TOOLS IN THE HIGHWAY DEPARTMENT, DECEMBER 31, 1907.

Stable and sheds	$4,000 00
Stone crusher plant	1,800 00
Steam roller	3,000 00
Ring roller and stone roller	225 00
500 tons of crushed stone	500 00
11 watering carts	2,500 00
2 double, 3 single, 1 sanitary, 1 platform, 1 express, 2 Concord buggies, 2 road machines, 1 stone jigger, and 4 pungs	1,400 00
8 horses	1,400 00
Stable fixtures, supplies, blankets, etc.	250 00
Miscellaneous tools for street work	400 00
Harnesses	250 00
Hay-scales, offices and desk	1,000 00
	$16,725 00

Respectfully submitted,

EDWARD A. MCCUE,

Superintendent of Streets.

REPORT OF SEWER COMMISSIONERS.

The Board of Sewer Commissioners begs to report as follows, touching the work of the Sewer Department during the year 1907:

During the year the sewer in West Side Road has been extended 250 feet.

In view of the small amount of construction work done during the year, an arrangement was made by which other departments of the town employed the services of the Department's Engineer, the expenses of the Sewer Department being slightly lessened thereby.

The betterments due the town on account of sewers which have been laid in 1907, amount to about $370.

There have been sixteen buildings connected with the town sewers during the year.

Respectfully submitted,

Francis R. Hart,
Charles J. Mitchell,
Philip M. Reynolds,
Sewer Commissioners.

REPORT OF THE TREE WARDEN.

To the Citizens of Milton:

As I have stated in previous reports the gypsy moth work has pushed the original duties of Tree Warden to one side, but nevertheless the general care of the trees must be attended to, and this year I have done more in that direction, though always with the gypsy moth situation in mind. In other words, I have been more severe in my roadside cutting than formerly seemed desirable. Harland Street is an illustration of this. On Brush Hill Road west of Paul's Bridge I cleared up only the densest tangles of vines and shrubbery and a space near each of the trees to allow for getting at them to burlap. This may answer for the present, but I fear that more vigorous cutting will prove necessary. Green Street, Milton Street and Squantum Street were also cleared up. Much scattered work was done, and in the autumn a heavy wind did much damage at and near the junction of Canton Avenue and Harland Street. The street work resulting from this, augmented as it was by a considerable call for private work, coming so late in the year when the appropriation was low, made it necessary to call on the Warrant Committee for a transfer from the Contingent Fund, and two hundred fifty dollars ($250) was so transferred.

Under the head of the general Tree Warden work I have kept the work on all insects other than gypsy and brown tail moths, though of course spraying for one insect which feeds on foliage is equally efficacious with other insects of like habits. The spraying of the town trees for canker-worms and elm leaf beetles was this year done by Cortez H. Wood, who also did a great deal of work on private estates. I was very well satisfied with his work for the town, but have not yet received

his bid for another season's spraying. I advise every one who intends to let a contract for spraying to attend to the matter at once, so that arrangements may be made in advance. Any contractor should have a chance to provide apparatus in proportion to the amount he has to do.

Often I have been asked why gypsy moths are worse than elm leaf beetles or canker-worms. There are two chief reasons: gypsy moths eat nearly any kind of plant, and so far very few enemies have developed of the gypsy moths in this country.

Last winter's deep snow made my work difficult and expensive. Every tree to be cut down had to be first dug around, and ground work was for weeks impossible. The hunting of nests went on all winter and into the spring, then trees were burlapped in every vicinity where gypsy moths had been detected. I advise that every one interested in land give attention to this matter of burlaps. A few burlaps in a given locality where the caterpillars are crawling will show if they are needed, and the number and area of trees burlapped may then be increased. Turn burlaps as often as possible if you find caterpillars under them and kill the caterpillars you find. It is better to take off and burn burlaps when winter comes. Study up this subject for yourselves; I could fill the whole Auditors' report with details, but that would not compare with practical experience.

Brown tail moths seem not to be very abundant, but the best time to look for them is when the ground is lightly covered with snow, and a hunt later may reveal more than we realize are here.

The gypsy and brown tail moth work for one year so closely resembles that of previous years that I have allowed myself to diverge from the lines of a definite report and give advice which I trust will be followed. I am always ready to explain any details or otherwise, so far as possible, aid those who want help on this subject.

For the general Tree Warden work I must again ask for two thousand dollars ($2,000) and the receipts of the department. Last year the appropriation was fifteen hundred dollars ($1,500) and the receipts, which proved insufficient.

For the gypsy and brown tail moths I must ask for five thousand dollars ($5,000). The appropriation last year was four thousand dollars ($4,000) and I had a balance from the Cunningham Trustees' award of the previous year of nearly two thousand dollars ($2,000), making in all practically six thousand dollars ($6,000). A careful study of the situation has brought me to the conclusion that I can do with the smaller sum, namely five thousand dollars ($5,000).

Respectfully submitted,

NATHANIEL T. KIDDER.

REPORT OF THE WATER COMMISSIONERS FOR 1907.

To the Citizens of the Town of Milton:

The Water Commissioners respectfully submit the following report of their operations for the year 1907:

At the annual meeting in March, Robert F. Herrick was elected for the term of three years, to succeed himself as Commissioner.

At the same meeting an appropriation of $4,000 was made for the extension of mains. To this sum we have been able to add an additional amount from our income, and the total has been expended as follows:

Hillside Street, 2,569 feet of 8-inch pipe, 46 feet of 6-inch pipe, 15 feet of 10-inch pipe, costing		$5,234 32
Artwill Street, 273 feet of 4-inch pipe, 30 feet of 6-inch pipe, costing		499 38
Central Avenue, 951 feet of 6-inch pipe, costing . . .		1,350 97
Clapp Street, 1,167 feet of 6-inch pipe, costing . . .		1,496 65
Warren Avenue, 631 feet of 6-inch pipe, costing . .		905 78
*Winthrop Street, 170 feet of 4-inch pipe, costing . .		144 20
Dyer Avenue, 136 feet of 6-inch pipe, 354 feet of 4-inch pipe, costing		489 49
West Side Road, 40 feet of 6-inch pipe, 187 feet of 1¼-inch pipe, costing		239 93
†Horton Place, 210 feet of 4-inch pipe, costing . . .		222 42
Huntington Road, one hydrant, costing		50 58
New standpipes, costing		412 15
Total		$11,045 87
*Charged to abutting owners	$102 35	
†Charged to abutting owners	124 80	
		$227 15
		$10,818 72

During the year 13 hydrants have been added to the system, so that at present there are 301 in public streets and 16 on private land. The number of active services has been increased by 53, making a total of 1,285.

The receipts of the department from December 31, 1907, excluding service work, were:

From water takers	$31,676 44
(An average of $24.65 per service)	
*From street watering	1,366 05
Interest on deposits	139 52
From repairs and incidentals	1,316 04
A total revenue of	$34,498 05
To this must be added hydrant service appropriation	9,000 00
Appropriation for extension of mains	4,000 00
Making available for the work of the department	$47,498 05

*At the time of closing the account the further sum of $1,734.36 was due from the town for street watering, etc., but these bills had not been paid. With this sum available, the total income would be $49,232.41.

The expenses during the past year, excluding service work, were	$12,666 10
Metropolitan water	14,532 00
Interest on 268 bonds	9,380 00
Construction	11,045 87
	$47,623 97

NOTE.—A detailed report of expenditures will be printed elsewhere.

The following table is intended to show the cost to the town of its water system, and the payments which have been made on account of the water loan:

Amount paid for Milton Water Co.	$199,608 35
Bonds of Milton Water Co. paid off	120,546 67
Appropriation for extension in 1903	4,000 00
Appropriation for extension in 1904	5,000 00
Appropriation for extension in 1905	4,000 00
Appropriation for extension in 1906	7,000 00
Appropriation for extension in 1907	4,000 00
Total	$344,155 02

Amount brought forward		$344,155 02
Less balance reverting in 1904	$8,908 09	
Less balance reverting in 1906	220 59	
Less balance reverting in 1907	2,042 52	
		$11,171 20
		$332,983 82
11 bonds paid at maturity in each of the years 1903 to 1907 inclusive		$55,000 00

During the year the Scott's Woods extension has been carried along to a point where a water supply can be given the Houghton School on Hillside Street, and although the number of services supplied by this main has not been wholly satisfactory, the building of the extension has enabled owners of buildings in that district to secure fire insurance on their property.

At present the western part of the town is supplied with high pressure service, which comes to us on Metropolitan Avenue, at the Hyde Park line. A few long lines of pipe carry this service to the Canton line, but because of gaps at various places, if breaks occur on these lines, almost the whole service for that part of the town would be interrupted until repairs were made. This condition is both dangerous and unsatisfactory, and it is our desire to connect dead ends with pipe on Canton Avenue, near Mingo Hill, and also on Brush Hill Road west of Milton Street. We therefore ask the same appropriation for extension of mains which was given us last year—that is, $4,000. This sum, together with funds contributed from the current revenues of the department, will, in our judgment, provide the necessary amount.

On April 1, 1908, it is our intention to reduce to $14.00 the minimum charge for buildings having more than one fixture, and to $7.00 the minimum charge for buildings with one fixture.

We estimate that the cost of running the department, purchasing water, paying interest on bonds, will amount during

the coming year to about $37,000, and our receipts, if the hydrant service appropriation remains as in the past, should be about $44,000. In a business of this kind, however, it is impossible to give more than approximate estimates, as unforeseen contingencies quickly affect both the receipts and the necessary expenditures.

Charles S. Pierce,
Robert F. Herrick,
Thomas B. Gordon.

FUNDS HELD BY THE TOWN.

PERPETUAL CARE FUND.

Amount held Dec. 31, 1907	$21,011 00
Receipts	950 00
	$21,961 00

This fund is held by the Town Treasurer, in accordance with Chapter 82, Sections 15–18, of the Public Statutes, interest at the rate of 6 per cent per annum being allowed on it and paid over to the Trustees of the Cemetery.

JASON REED CEMETERY FUND.

Amount held Dec. 31, 1907	$2,626 67

The interest on this at 4 per cent per annum is paid over to the Trustees of the cemetery.

JASON REED PUBLIC PARK FUND.

Amount held Dec. 31, 1907	$3,745 94	
Interest 1907	149 84	
		$3,895 78
Less expenses for year 1907		44 75
		$3,851 03

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED.

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

. . . . . .

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF MILTON, MASS.

FOR 1907

Poole Printing Co.
221 High Street
Boston

SCHOOL COMMITTEE.

ORGANIZATION, 1907-08.

William B. Thurber . . . . . *Chairman*
J. Frank Pope . . . . . *Secretary*

MEMBERS.

	Term expires
Mrs. Caleb L. Cunningham, 401 Adams St., East Milton	1908
George Y. Badger, 222 Pleasant St., Milton	1908
J. Frank Pope, 485 Blue Hills Parkway, Mattapan	1909
George M. Anderson, 505 Centre St., Milton	1909
William B. Thurber, Hinckley Road, Milton	1910
Theron A. Apollonio, Morton Terrace, Milton	1910

The Committee holds its regular meetings in the High School building, on the first Monday evening of each month at 7.30 o'clock.

SUPERINTENDENT OF SCHOOLS.

Asher J. Jacoby.
Residence: 46 Belcher Circle, East Milton.
Telephone: "Milton 43-3."
Office: High School building, Canton Avenue.
Telephone: "Milton 111."

Superintendent's office hours: On school days, Mondays and Wednesdays, 4 to 5 p.m.; Thursdays, 8.30 to 9.30 a.m.

Office open: On school days, Mondays and Wednesdays, 8.30 a.m. to 12 m., and 2 to 5 p.m.; Tuesdays, Thursdays, and Fridays, 8.30 a.m. to 12 m., and 2 to 4.30 p.m.

Superintendent's Clerk: Helen J. Holmes, 648 Canton Ave., Milton.

REPORT OF SCHOOL COMMITTEE.

To the Citizens of Milton:

In accordance with the requirements of the public statutes, the School Committee herewith submits its Annual Report for the year ending December 31, 1907. Our report is supplemented by the report of the Superintendent of Schools, and we especially recommend his report to you for careful study, as it gives important details of the year's work.

The enrollment for November, 1907, was 1446, as against 1436 for the same month in the year 1906. The percentage of attendance for the year, that is, the attendance compared with the enrollment, was about the same in 1907 as in 1906. While these figures show only a small increase in the number of pupils receiving instruction in our schools, yet the growth is steady and there has been an increase of 64 pupils in our school attendance since 1902. Our schoolrooms, especially in some of the larger buildings, are accommodating their full quota of children; in some instances the rooms are overcrowded, which is detrimental to effective teaching, and also does not give the best hygienic conditions. While your Committee does not ask at this time for an appropriation for enlarging the school buildings, yet we wish to have the fact clearly before you that in the near future it will be necessary either to erect a new school building, or make extensive additions to some of our present buildings.

GIFTS.

The School Committee takes this opportunity to record and to gratefully acknowledge the following gifts to the schools:

Consolidated School.

Plaster bracket from graduating class of 1907.

Twenty-four lantern slides of North America from graduating class of 1907.

Tucker School.

Relief—"The Aurora," from graduating class of 1907.

Pictures—Henry W. Longfellow and "The Gleaners," from Dr. Anna C. Palmer.

Ten dozen china cups and saucers from the parents of the district.

Sumner School.

A large flag from Mr. James Tucker.

A Louisiana pelican from Mrs. Charles B. Amory.

Belcher School.

Picture—"Coliseum at Rome," from graduating class of 1907.

The Milton High School Scholarship in the Massachusetts Institute of Technology was awarded to Ralph S. Damon for the year 1907–08.

FINANCES.

By the appropriation made last March, your Committee was able to increase the salaries of many of the teachers, and adjust the salaries as a whole upon a more equitable basis. We wish the citizens, however, to know that other towns besides Milton have during the past year increased the salaries of their teachers, and that our salary list ranks very little higher, comparatively speaking, than it did a year ago. As will be seen by the Superintendent's report, our changes in the teaching staff were slightly greater than in 1906. The tendency throughout Massachusetts to increase the salaries paid to teachers must necessarily before long bring again to the

citizens of the town the question of a substantial increase for the teaching force in our schools. The Committee, however, does not believe this to be a necessity for the coming year, although we hope a sufficient appropriation will be made by the town to allow some increase in special cases.

During 1907 we spent over $3,000 in the maintenance and repairs of our school buildings. This figure does not include the changes in the sanitary conditions at the Sumner and Thacher Schools. While this repair and maintenance expense was large compared with the average of the past five years, yet there still remains much to be done. It is the common experience of all persons having the care of property that it is no economy to allow buildings to deteriorate; the cost in the end is greater than if the buildings were properly repaired each year, and we intend, if sufficient money be appropriated, to make still more extensive repairs and improvements on the school buildings during 1908.

By special appropriation last March, the Committee was given $5,000 to complete the sanitary improvements in the Sumner and Thacher schools. This work has been completed in a thorough manner, at a cost of $270 less than the appropriation. We believe the money well expended, and the sanitary conditions of both schools much improved by this expenditure.

During the past few years there has been a comparatively small amount spent from time to time for the installing of adjustable desks and chairs in the various schoolrooms. This equipment is so great an improvement over the old style non-adjustable furniture that we hope—again conditional upon the amount of the school appropriation—to spend during 1908 some $700 toward the completion of this adjustable equipment.

To carry out the work of administering the schools, improving the school property, and maintaining the system as a whole, at its present state of efficiency, the Committee is

unanimous in requesting from the town an appropriation of $75,600. This is $3,000 greater than the appropriation made in March, 1907. Our estimate is that about $2,000 of this increase will be used to make extensive repairs on the buildings, change the old style of desks and chairs in many of the schoolrooms, and keep the buildings in proper condition; and the balance will be applied toward the teaching expense.

TRANSPORTATION OF SCHOLARS.

The transportation of scholars, in accordance with the arrangements which have been in force for some years past, has been accomplished during 1907 within the town's appropriation of $2,000, and we ask that an appropriation be made in March for the same amount for the transportation of pupils.

MEDICAL INSPECTION OF PUPILS.

In the Superintendent's report you will find details as to the work done by the Medical Inspector for the schools. This work is of great importance, particularly tending to the prompt handling of contagious diseases, and, consequently, preventing the spread of epidemic throughout the schools. We ask that $300 be appropriated for the coming year for this purpose. This amount is the same as was appropriated in 1907.

There have been no radical changes made during the year in the courses of study in the schools, and yet at no time in the history of educational work in Massachusetts has there been a keener interest shown by parents and by those employed in educational work. The question, what is the best mental and physical training for a child, is a difficult question to answer and becomes increasingly difficult as our business and social development become more complex. It is a simple matter to say that the best education consists in so training children that they will in later years become high-

principled, useful and effective men and women. It is a very different and a very difficult matter to take the next step, and, from the multitude of subjects and the wide variation in methods of teaching to select just those subjects and adopt just those methods which will best achieve the results for which parents and educators alike are earnestly working. The schools of our town rank high among the schools of this State; to keep them among the leaders requires the intelligent criticism and co-operation of the citizens, and no one realizes this fact more than the Committee to whom you have entrusted the administration of your school affairs. We need and welcome your co-operation and advice.

Wm. B. Thurber, *Chairman,*
Mrs. Caleb L. Cunningham,

Committee.

REPORT OF SUPERINTENDENT.

To the School Committee:

I have the honor to submit my seventh annual report of the public schools of the town. It is the twenty-eighth in the series of superintendents' reports.

The following summary of statistics covering finances, population, and attendance, follows the order given in the annual reports since 1904.

Abstract of Statistics.

Cost of Schools, 1907.

Assessed valuation of the town	$22,769,100 00
Amount expended for general school purposes	70,515 07
Amount expended for conveyance of pupils .	1,631 50
Amount expended for medical inspection . .	194 75
Total cost of the schools	72,341 32
Percentage of the assessed valuation expended for the schools	.00317+
Average cost per pupil on whole enrollment .	47 97
Average cost per pupil based on average membership	53 71

Note.—The average cost of instruction is based on the total cost of the schools for the year.

Population.

Population of the town, 1900 (United States census)	6,578
Population of the town, 1905 (State census) . .	7,051

School Census.

The number of children living in the town, September 1, 1907, between the ages of 5 and 15, and 7 and 14, as deter-

mined by the census taken between September 1 and November 15, is as follows:

September 1, 1907.

Number of boys between 5 and 15	666
Number of girls between 5 and 15	664
Total	1,330
Increase over the preceding year	39
Number of boys between 7 and 14	468
Number of girls between 7 and 14	509
Total	977
Increase over the preceding year	28

Number of male illiterate minors over 14 years of age, none.

Number of female illiterate minors over 14 years of age, none.

The following are the census figures of the number of children between the ages of 5 and 15, for each of the years since 1879:

May 1, 1880	551	May 1, 1894	956
May 1, 1881	519	May 1, 1895	1,010
May 1, 1882	533	May 1, 1896	1,030
May 1, 1883	563	May 1, 1897	1,099
May 1, 1884	612	May 1, 1898	1,098
May 1, 1885	627	Sept. 1, 1899	1,110
May 1, 1886	621	Sept. 1, 1900	1,198
May 1, 1887	595	Sept. 1, 1901	1,218
May 1, 1888	630	Sept. 1, 1902	1,255
May 1, 1889	626	Sept. 1, 1903	1,247
May 1, 1890	680	Sept. 1, 1904	1,237
May 1, 1891	710	Sept. 1, 1905	1,313
May 1, 1892	749	Sept. 1, 1906	1,291
May 1, 1893	802	Sept. 1, 1907	1,330

School Enrollment and Attendance.

The enrollment and attendance between September 10, 1906, and June 20, 1907, were as follows:

Number of different pupils enrolled	1,508
Average membership	1,347
Average attendance	1,245
Percentage of attendance	92.4

The number of different pupils enrolled for each of the years since 1879, was as follows:

1880	588	1890	794
1881	563	1891	811
1882	607	1892	862
1883	599	1893	931
1884	635	1894	1,075
1885	679	1895	1,174
1886	701	1896	1,267
1887	673	1897	1,302
1888	696	1898	1,341
1889	752	1899	1,440

From September, 1899, to July, 1900	1,288
From September, 1900, to July, 1901	1,384
From September, 1901, to July, 1902	1,507
From September, 1902, to July, 1903	1,528
From September, 1903, to July, 1904	1,552
From September, 1904, to July, 1905	1,559
From September, 1905, to July, 1906	1,516
From September, 1906, to July, 1907	1,508

The enrollment for the different schools for the month of November in each of the years 1903–1907, was as follows:

	Nov., 1903.	Nov., 1904.	Nov., 1905.	Nov., 1906.	Nov., 1907.
High	178	179	170	158	178
Consolidated	135	143	144	151	153
Thacher	82	82	84	80	74
Glover	167	176	185	166	159
Tucker	374	351	375	387	388
Sumner	55	53	61	52	50
Houghton	34	31	28	34	28
Wadsworth	93	98	83	91	84
Belcher	288	312	316	317	332
Total	1,406	1,425	1,446	1,436	1,446

The percentage of attendance since 1900 was as follows:

1901	91.2
1902	92.9
1903	90.1
1904	90.2
1905	90.7
1906	93.3
1907	92.4

It is thus seen that while the percentage of attendance for the year has not been the largest since 1900, it is larger than for the majority of the years named. If the kindergarten attendance was not reckoned with the attendance of the other schools, the percentage would be somewhat larger. Regular attendance in the kindergartens in stormy weather and especially in the winter months, is affected much more than in the other schools, due in large measure to the age of the children. This fact should be taken into consideration whenever a comparison is made between the percentage of attendance in our schools and those of towns and cities which do not maintain kindergartens.

Making due allowance for the kindergarten attendance, the percentage of attendance should be larger. While the large majority of parents see to it that their children attend school regularly, unless obliged to keep them from school for the best of reasons, there are those who are inclined to keep their children at home during school sessions for trivial reasons. If every parent would realize that going to school regularly is the child's right, and that other interests, therefore, should be made subordinate, the results would be different. I do not argue for better attendance merely for the sake of having larger percentages of attendance. This in itself is a small matter. But its value to the child and its importance to the community are of vital significance. The child who attends school regularly not only takes greater interest in his work and makes better progress, but he forms the habit of doing what he has undertaken, regularly and well. This habit will be of inestimable value to him in every relation of life. Let all parents, then, make every effort possible to have their children attend school regularly, that they may receive what is their just due, and the community have a body of well-educated, intelligent citizens.

THE BUSINESS OF CONDUCTING THE SCHOOLS.

The work of educating the children of a city or town is one of the most important that a municipality is called upon to do. For this reason the work should be done in the best possible manner. This requires an organization which will make possible the securing of the best results. The present organization of the public schools includes two principal departments, the business and the educational. These departments, though somewhat distinct and different, overlap at many points, and should have a common purpose. They must be conducted with due regard one for the other, and for the purpose for which the system is organized and administered,

if it is to be efficient. A weakness in either interferes with the efficiency of the other; strength and virility in both make an efficient whole.

In the largest systems of schools, and sometimes in smaller systems, while both departments are under the control and direction of the school committee, the business department is placed under one executive head, and the educational department under another executive head, each, theoretically at least and not infrequently in fact, an expert in his department. Various names are given to the former, while the latter is generally known as the superintendent of schools. In smaller systems, as in this town, the two departments are under one executive head, the superintendent of schools. This makes the position more responsible and arduous, and requires both business and professional qualifications of an expert nature. Whether these two departments are placed under two executive heads or under one, the work should be conducted in a thorough and efficient manner.

The business of conducting the schools includes the performance of many important duties. To begin with, the school authorities must make an estimate of the amount of money needed to carry on the schools. This estimate should be carefully made with due regard to the efficiency of the schools, and should be voted by the town. My own experience with school committees has shown that they are as anxious to keep the appropriations within reasonable limits as any one can be who believes in good schools. They, however, are in a better position to know what the schools need, not only to keep them up to the efficiency they may have attained, but to increase this efficiency. The preparation of the annual budget is not an easy matter. It requires a knowledge of what has been accomplished in the past, of what should be accomplished in the future, and of the purchase value of each dollar. It is gratifying to report that the preparation of the annual budget has received the earnest thought of the

officials, and that in the past the amount asked for has been generously granted by the town.

Another important duty is the expenditure of the money appropriated. It is safe to say that the experience of all cities and towns is that the legitimate demands for the expenditure of money are always greater than the amount available. It requires, therefore, on the part of those upon whom involve the expenditure, a knowledge of what will best promote the efficiency of the schools. It is the business of the officials to see to it that full value is received for every dollar expended, whether on the material or on the educational side.

An important item of school expenditure is the repair and improvement of school buildings and other school property. School property of every kind should receive such attention and care as may be needed to keep it in first-class condition. The appropriations for this purpose too often are inadequate, and it becomes a very difficult matter to decide where the money may be spent to the best advantage.

Every building should be provided with furniture which facilitates the work of the school, and is conducive to the comfort and the proper growth and development of the children. While a sum of money has been expended each year during the last five years, for adjustable desks and chairs to replace the old style desks and chairs, the amount available has been insufficient to do all that should be done in this respect, and we still have too much of the old style furniture.

The heating, ventilation, lighting, and care of buildings is a matter of the utmost importance, because it affects the health of the children. The stinting of money here is a short-sided policy. Rooms in which the right temperature is maintained, in which the ventilation and the lighting are good, and which are kept scrupulously clean, promote mental effort and health. But they do more. They make their impression upon character. Boys and girls will be better boys and girls under right conditions than under wrong ones. Besides,

children in sanitary, attractive, and properly kept school buildings will get a knowledge of heating, ventilation, lighting, cleanliness, and attractiveness, which will be of much value to them. Money expended, therefore, in the proper heating, ventilation, and lighting of school buildings, in the employment of competent and efficient janitors, in the furnishing of such supplies as may be needed to keep the buildings scrupulously clean, is money wisely expended. It has been the policy of the officials to do this, and while the cost for care and cleaning has increased considerably during the last three years, the buildings, hygienically, have never been in as good condition as they are to-day. Considering results, the amount is not too large.

A phase of school expenditure which requires expert knowledge and careful consideration, is the selection and purchase of books and supplies. It is our policy to select those books which we consider best adapted to our needs, irrespective of the claims of publishers or their cost. Quality and adaptability are the only factors which have any part in the selection of text-books. As far as our appropriations have permitted, such reference books and books for supplementary use have been provided as were needed the most. While we have not been able to do as much in this respect as could be profitably done, the schools are fairly well supplied. Great care has been taken in the selection. It is a waste of money to buy books which are very seldom, if ever, used, or which are far beyond the comprehension of the pupils. The selection of such books, therefore, requires a knowledge of the merits of the different books and the powers and needs of the pupils for whom they are intended. This requires much time and thought.

No one who is not familiar with school work has any idea of the almost numberless ways in which money can be expended for all kinds of supplies and apparatus. No town or city appropriates sufficient money to buy all the different kinds which are offered for sale, neither would it be wise to

provide the schools with everything that may be had. Here, too, good judgment must be used in the selection, in order that the money available for such purposes may procure such supplies and apparatus as are most necessary to aid the teachers and the pupils in making the work of the schools efficient. Money expended for poor supplies is unwise. The child needs good tools to work with to get good results as well as the adult. Money expended for apparatus which is used for a year and then put to one side because the novelty has worn off, is, in most cases, money wasted. A piece of apparatus that is good for anything ought certainly to be good for a longer period than one year.

It has been our policy to carefully consider every requisition for supplies and apparatus, and to provide such as in our judgment were the most essential, and to provide them in sufficient quantities. Considerable time has been spent in making a study of this question, in order that whatever is bought for the schools is the best and the most that can be obtained with the money available.

There is an old saying, "As is the teacher, so is the school." This is as true to-day as when it was first uttered. While the best teachers can do their best work only under favorable conditions, they can do good work under unfavorable ones. Poor teachers on the other hand will do poor work under the best conditions. The selection of teachers, therefore, is one of the most important duties which a school committee, through its executive officer, the superintendent of schools, has to perform. No amount of supervision can wholly rectify mistakes made in the selection of teachers. A person unfamiliar with school work has no idea of the amount of time and travel and investigation which are necessary to keep a system of schools supplied with competent and efficient teachers.

It is easy to get teachers, but it is very difficult to get teachers who measure up to our standard. This standard is

high, but none too high. Efforts are made, whenever vacancies occur, to procure teachers who possess natural qualifications; good health; unimpeachable character; good personality; who have thoroughly prepared themselves for their work, scholastically and professionally; who have had successful experience in teaching for at least one year; who are students of education; whose first interest is the school, and who are willing to give the best that is in them for the school; who are progressive, wide awake, cheerful, and pleasant; and who have high ideals. We do not always succeed in getting teachers who possess all these qualities in the highest degree, but we make every effort to get as near to this standard as we possibly can, though it may take weeks of work and investigation to find the right persons.

After the right teachers have been found and are at work in the schools, means should be employed for their improvement. This is a subject to which a superintendent should give a large share of his time and strength. Unfortunately, too often so much of his time has to be given to business matters, that the professional phase of his work can not receive the attention which it deserves. Whatever success a superintendent may attain in the improvement of the teachers, shows itself in the increased efficiency of the schools.

The means for teacher improvement which I have used, are visits to the schools, personal conferences, teachers' meetings, the teachers' professional library, and "The Milton School Journal."

The teachers' meetings were held not merely for the sake of holding teachers' meetings and thus appearing progressive, but for the purpose of increasing efficiency, by helping teachers to get broader and clearer ideas of child nature, and of the work which the schools should do and the best ways of doing it. Three kinds of meetings were held—general, grade, and special,—the purpose of each being somewhat different from the others.

A school system needs a good course of study. Such a course includes the subjects which are taught in the schools, and indicates such parts of the subjects which should be taught during the different school years of the child. To make a good course of study is not easy. It requires a knowledge of the education needed by a child to take its place as an individual and as a useful and happy member of the social whole; of the child's environment; the laws governing the child's growth and development; of the branches of knowledge which should be taught; of the principles which should govern the selection of subject matter for different periods of the child's life, and the amount of time to be given; and of the length of the school year. A course of study is never complete. It needs revision from time to time to keep it in harmony with sound educational thought and practice.

I have tried to discuss in as few words as possible some of the most important things which are involved in the business of conducting the schools. Other important lines of work the limits of this report do not permit me to discuss. I hope I have said enough, however, to give the citizens an idea of the magnitude and importance of the business of carrying on the work of a system of public schools.

TEACHERS.

The number of teachers in the employ of the town in December, 1907, was 64, an increase of 1, of which 56 were class teachers, and 8, directors and special teachers.

The number of resignations during the year was 10,—8 regular and 2 special teachers. One teacher was transferred from a grade position to that of principal's assistant, and 1 from a position of assistant in grades to a full grade position. Eight new regular teachers and 3 directors and special teachers were elected.

The changes in the teaching corps were as follows:

Resignations.

High School—Mr. John W. Dow; Miss Mary E. Hadley.

Consolidated School—Miss Ruth B. Elliott, principal's assistant.

Glover School—Miss Carrie D. Peterson, Grade 4.

Tucker School—Miss Ada M. Atchinson, principal's assistant; Miss Bertha M. Bemis, assistant, Grade 2.

Belcher School—Miss Gertrude F. Greene, principal's assistant; Miss Emma M. Macdonald, Grade 5.

Directors and Special Teachers—Miss Sara M. Walker, assistant in manual training.

Mr. C. Edward Newell, director of drawing.

Transferals.

Miss Florence B. Brown, from Grade 7, Consolidated School, to principal's assistant, same school.

Miss Grace E. Packard, assistant in Grades 4 and 5, Tucker School, to Grade 4, Glover School.

New Teachers.

High School—Mr. J. A. Sinclair in place of Mr. J. W. Dow; Miss Adella W. Bates in place of Miss Mary E. Hadley; Miss Josephine C. Belcher in place of Miss Emily A. Daniell.

Consolidated School—Miss Gertrude M. Wilcox, Grade 7.

Tucker School—Miss Clara F. Woodin, principal's assistant; Miss Delia M. Holman, assistant, Grades 5 and 6.

Belcher School—Miss Blanche G. Fuller, principal's assistant; Miss Eliza D. Howes, Grade 5.

Directors and Special Teachers—Miss Beatrice L. Allen, assistant in manual training; Miss Louise Marston, assistant in sewing and manual training; Miss Lillian M. Dearborn, director of drawing.

The efforts made by school officials and teachers during the last two years to have the salaries of teachers increased, have been successful. The maximum salary of grade teachers was

increased fifty dollars a year. Proportionate increases were made in other positions. This action was greatly appreciated by those directly interested.

The fact should not be overlooked that the salaries now paid to our teachers, when we take into consideration the increase in qualifications and requirements and the increase in cost of living, are not as large as they were ten years ago. There was a time when Milton was one of a small group of towns which paid to their teachers the highest salaries in the State. To-day the number of cities and towns which are paying as much or even more is quite large. This fact makes it difficult, upon the resignation of teachers, to find those who will maintain the standard of the schools. During the year we have lost a number of excellent teachers, and it took much time and investigation to find suitable persons to take their places. I can see no reason why Milton should not rank as high, if not higher, in the matter of teachers' salaries, than it did a number of years ago.

A matter which should receive the careful attention of the Committee is tenure of office. According to the report of the Secretary of the State Board of Education, based upon the returns of 1905–06, 82 cities and towns containing 5,535 teachers, have availed themselves of the provisions of the law of 1886, giving up annual elections, and have elected their teachers to serve during the pleasure of the Committee.

At present our teachers are elected annually in May. While the satisfactory teacher in a town like Milton need not have any fear of not being re-elected, as a matter of fact there is always a feeling of more or less uncertainty among the teachers about that time.

It is claimed that tenure of office helps to make the teaching profession more attractive and more dignified. As it is growing more and more difficult each year to get thoroughly competent teachers, there is little danger of doing too much to make the work of teaching so attractive that an increasing

number of persons with natural qualifications will thoroughly prepare themselves to enter upon the work.

On the other hand, we are told that annual elections serve as a stimulus to the poor or indifferent teachers, and help to hold all to a higher standard of efficiency. Whether this argument is a good one or not, claims are made that the same results may be obtained under proper regulations governing tenure of office. For example, no teacher should be placed on tenure until he has shown during three years of teaching that he is worthy of such promotion. If, at any time in the future, his work falls below a satisfactory standard, he should be made subject to annual elections until such time as he has proven that he is worthy of again being placed on the tenure of office list. If, after having been placed on the annual election list, he does not show any improvement within a reasonable time, some more competent person should be put in his place. In such cases the good of the school and not the good of the individual teacher should be the only consideration.

It should not be forgotten that there are teachers who are wide awake and alert to everything that is helpful to them in their work. They are not only students of pedagogy, but also keen and thoughtful observers of what others are doing. Such teachers grow. They increase in power and ability from year to year. Their services up to a certain point become more valuable as the years multiply. They are the ones who help to make teaching a profession. They are the only ones who should have a place in the schoolroom. Unfortunately, however, the number of these is too small. The result is that in many schools of the country there are teachers who are not students of pedagogy, who have no use for educational books and periodicals, to whom teachers' meetings are a bore, and who are not interested in what their fellow workers are doing.

It is a pleasure to again report that our teachers as a body are well educated, competent, hard working, and conscien-

tious. Most of them are giving the best that is in them for the good of the schools. They are making commendable efforts to become better teachers. They are taking an active interest in whatever helps to increase their efficiency. This condition will continue so long as the compensation is large enough to secure the best teachers, and the present plan of filling all vacancies with the best teachers obtainable is followed.

What does a city or town owe to teachers, who after a period of faithful and satisfactory work in its schools, become incapacitated for further efficient service? Shall such teachers be continued in service because they need the salary, or shall they be dismissed to look out for themselves as best they may? It is a well known fact that the salaries paid are not sufficiently large to provide for that time when faithful teachers may, through no fault of their own, find themselves out of a position. This naturally suggests pensions for teachers. The movement in favor of pensioning teachers is gaining headway, and the question should receive due consideration in this town.

MEDICAL INSPECTION.

Medical inspection was carried on very much the same as in former years. The school physician made 23 visits to the schools at such times as his services were needed. The results were satisfactory. The eye and ear tests were given by the director of physical training. The kindergarten and first grade children were not tested. It is proposed, however, during the coming year, to test the first grade children as well. The results of the tests were as follows:

Report of Sight and Hearing Tests.

	Elementary Schools. Grades 2–9.	High School. Grades 10–13.	Total.
Number of pupils examined	1,079	151	1,230
Number found defective in eyesight	246	22	268
Number found defective in hearing	78	12	90
Number of parents or guardians notified	236	17	253

Note.—In cases where children were provided with glasses, no notices were sent to the parents.

The reports sent to parents benefit the children only when efforts are made to remedy defects or to counteract the unfavorable conditions. In most cases this was done. There were too many parents, however, who did not seem to see the necessity of doing this. It may have been through prejudice or indifference or on account of the expense. Whatever the reason, the parent, who is closer to the child than the school, should co-operate with the school in every possible way to make the child healthy and strong. If the parent neglects his duty in this respect, the child is the greater sufferer. In such cases the burden of the responsibility rests upon the parent.

Until September the director of physical training was employed for four days a week. Since then she has been employed for five days a week. This makes it possible for her to give more time and attention to all matters pertaining to the physical well being of the children.

The director addressed two mothers' meetings on "The care and health of children." The attendance and attention showed a commendable interest in this vital subject.

The general topics discussed at these meetings were:

"Postural defects noticed in children.

Necessity for parents examining their children to see if they are growing and developing properly.

Necessity for loose clothing during the period of growth.
Effect of tight suspenders on boys.
Defective hearing and sight.
Necessity for immediate treatment.
Adenoids—dangers arising from this growth.
Teeth and their care.
Names of hospitals where free treatment can be obtained.
Adolescense and its dangers.
The necessity of bathing.
Proper instruction in purity."

A similar meeting is to be held in each of the other schools of the town.

Special efforts were made by the director and teachers to impress upon the children the need of correct standing and sitting position, the effect of faulty posture on the spine, etc., the proper care of the teeth, and the necessity of cleanliness of person.

In addition to the work in the schools, the director visited a number of homes to consult with parents regarding the physical condition of their children, and in other cases wrote personal letters. These efforts accomplished much good. The teachers co-operated by calling upon parents for the same purpose.

The time has come when our medical inspection should be extended. While the present system of notifying the physician through the superintendent's office whenever he is needed, has worked well, and has prevented the spread of contagious diseases, we have not done as much as should be done in the matter of discovering physical defects of children, other than those of eyes and ears. If the work of medical inspection could be extended to discover these defects, and to notify the parents of children found physically defective as is now done in cases of defective eyesight and hearing, I think it would add very much to the value of the inspection and be a great boon to the children. While this would increase the

expenses somewhat, I believe that the good resulting therefrom would be out of all proportion to the expense.

The introduction of school nurses into schools is receiving much discussion in educational and medical circles, and is interesting a considerable number of persons outside of these. While I have no recommendation to make on the subject at this time, it should receive earnest and careful thought.

INDUSTRIAL TRAINING.

Our school curriculum includes manual training, sewing, and cooking. The work in these subjects has been planned along educational and practical lines. They are used as a means of a general education. Our object is not to teach trades, nor to have the pupils do the same work over and over again until the process becomes mechanical. The moment a process becomes mechanical it is dropped, and another process that will make the pupil think is substituted. In this way the educational value of the subject is continued.

In the way in which these subjects are taught, the pupil gains a knowledge of those activities which enter into construction of different kinds, and learns to appreciate the value of these activities. It also gives him power to be useful in them. It enables him to do things with his hands, or, as some one has said, "to be generally handy." This has been demonstrated many times in the power and facility boys and girls have acquired to do things.

There is a kind of industrial education whose purpose is vocational training. It aims at teaching some vocation, and includes trade, agricultural, and commercial education. It teaches all the processes of the vocation. The theory of it is made clear. It aims to develop skill in the practice of it. A student is not only taught technical knowledge of his vocation, but he acquires skill in its practice as well.

We have no industrial education in our schools as viewed from this standpoint, with the exception of commercial educa-

tion. To introduce other forms will require special equipment, and teachers specially fitted to do the teaching. The question naturally arises whether the further introduction of industrial education in residential towns like Milton, is as pressing as it is in manufacturing centres. While the need of such education in manufacturing states like Massachusetts is great, and the movement for industrial education is upon us, can we not afford to take sufficient time for thoughtful and wise deliberation as what action it is best to take?

Manual training, sewing, and cooking have been taught in Milton for a long time—manual training since 1892, sewing since 1884, and cooking since 1893. They have been extended both in scope and practice until some forms are taught throughout the entire school course. The scheme of work for these studies was published in last year's report under the heading, "Industrial Work," and is much the same now as then. We aim to make the work more practical from year to year, thus laying greater emphasis upon the utilitarian ends without unduly minimizing the educational ends.

PUBLIC DAYS.

Public days were held in the schools on the following days:

Wadsworth, Thursday, May 16.
Consolidated, Friday, May 17.
Belcher, Tuesday, May 21.
High, Wednesday, May 22.
Tucker, Wednesday, May 29.
Sumner, Tuesday, June 4.
Glover, Wednesday, June 5.
Houghton, Thursday, June 6.
Thacher, Friday, June 7.

The object of these days was to give parents and other persons interested special opportunity to visit and inspect the work of the schools. For this purpose some of the work which had been done during the year was so arranged and

placed in the rooms that it could be readily and easily examined. No efforts were made to prepare work for show purposes. No exhibition is worthy the name nor should for a moment be countenanced by school authorities, which is made up of any but the regular work of the schools.

The day's program consisted of regular class work, and special exercises which were intended both for instruction and entertainment. The preparation for these days involved some extra time and labor on the part of the teachers. This, however, was given ungrudgingly, and it was gratifying to see so many parents and friends show their appreciation by their attendance.

In this connection I should like to repeat what has been repeated so many times. Our schools are open to visitors every school session. In a way all our days are public days. It is very helpful, however, occasionally to have days in which special efforts are made to interest and entertain all who favor the schools with their presence.

PUBLIC SCHOOL SAVINGS BANK.

The school savings bank, introduced in 1899, had a prosperous year. The report for the year ending January 1, 1908, is as follows:

Amount collected from the pupils and deposited in the Dorchester Savings Bank from December 30, 1899, to January 1,1907, was $3,990.83. The amount deposited between January 1, 1907, and January 1, 1908, was $791.51, an increase of $12.32 over the previous year. The total amount deposited between December 30, 1899, and January 1, 1908, was $4,782.34, an average of $597.79 a year. The average for the preceding years was $570.12. The last average, therefore, is $27.88 higher than the former average.

The number of depositors on the books in 1907 was 543, an increase of 38 over the preceding year.

The Belcher School collected and deposited in the savings bank the sum of $459.29, which is a little more than half of the total deposits of the schools for the year. This school had an enrollment of 331 pupils. If each pupil had been a depositor, the amount of money deposited would represent $1.39 for each pupil. This is an excellent showing.

The work of cashiers is being faithfully performed by the principals of the schools. Although it adds to their duties, it is done without complaint. The work is carried on in a businesslike manner to keep the accounts accurate and to train the children in business methods.

School banks have a value which justifies their introduction and continuance in schools. Their effect on the character of children is for good. The mere act of saving money and placing it in a savings bank impresses upon children the value of money, and gives them a sense of proprietorship and responsibility which they may not have possessed previously. It is not so much the amount that a child saves as it is the formation of the habit of saving and the caring for that which has been saved. It fosters a feeling of security in that there is something to use in the future. It teaches thrift. To be sure, these qualities may not become very marked in all children, but the bank fosters them, and if the habit of saving and caring for what has been saved is persisted in, it will become a fixed habit.

The need of saving is being impressed upon us at present perhaps more than at any previous time. We are told by those who have made careful study of the subject, that, as a nation, we are too extravagant. We spend money too freely. We do not distinguish between what we need and what we want. In too many cases this leads to the spending beyond one's income. The immorality of incurring debts without prospects of meeting them is too often ignored. The result is dishonesty —either peculation or failure to pay one's bills. In either case the results are detrimental to the individual, to the com-

munity, and to the nation. Persons so guilty are not good citizens, because they represent dishonesty in private life or public life, or both.

The opportunity and duty of the school are clear. Children are more impressionable than adults. Habits formed during childhood frequently stay throughout life. If they are good habits, the adult is the richer because of them; if they are poor habits, the worse for him. Let the school, then, impress upon children the value of money, the need of saving money—distinguishing between wise saving and penuriousness, and the importance of keeping within one's income. Let it teach the importance of sacrifice to-day in order to have something tomorrow. A boy who deposits even a cent which he was tempted to spend for some petty indulgence, has had a valuable experience in character building. Let the school encourage the children in every legitimate way to deposit their surplus money in a savings bank, either through the school savings bank or in some other way.

I feel that our school savings bank is doing fine work for the children of this town. The efforts of the teachers in this direction are commendable. All parents should supplement these efforts in every way possible. It is gratifying that a large number do.

IN GENERAL.

After one year's trial of the revised regulations governing the standing and promotion of pupils in the elementary schools, my original contention that it is right in theory, will work well in practice, and prove fairer to both teacher and pupil, is greatly strengthened.

A short but clear statement of a child's ability, effort, and work made to a parent at the end of each period of two months, is much better understood, and, therefore, more helpful to both parent and child, than any system of marks can be. Marks too often are meaningless. While this system of re-

ports is original with us, I believe the time will come when it, or systems similar to it, will take the place of ranking pupils in percents or figures or letters, which is the common practice at the present day.

The plan of dividing the grades into divisions, or groups, according to the ability of the pupils, and the teaching of pupils in divisions and as individuals has been continued, and is proving more satisfactory each year.

There is a growing feeling among intelligent people that the public school curriculum is overcrowded, and that as a result the rudiments, or fundamentals, do not and can not receive the attention which they deserve. A study of the facts leads me to believe that there is some justification for this feeling.

There seems to be a difference of opinion as to the cause of the overcrowding. I do not agree with those who believe that the reason is the teaching of too many branches of knowledge in the schools. It is rather due, I think, to the teaching in detail of too much subject matter in the different branches, and a failure, to some extent at least, to properly discriminate between what is essential and what is non-essential to a child's development and needs.

We have begun a study of this question in special teachers' meetings, with a view to determine the salient things which should be taught and which can be taught well during the successive years of a child's life.

Mothers' and parents' meetings were held in some of the schools, which were well attended. These meetings are invaluable in bringing the home and the school into closer relationship, and bringing about more sympathetic and helpful co-operation.

In March, 1905, I began the publication of a small periodical called "The Milton School Journal," five to ten numbers being issued each year. It is the official organ of the school department of the town. As such it is devoted primarily to the interests of the local schools, and secondarily, to educa-

tion in general. It contains the official notices, changes in the courses of study and the regulations of the schools, and such other matters as may be of interest and value to the teachers. Our teachers are frequent contributors to its columns. It is sent free to each teacher.

The Journal is not intended to take the place of pedagogical books and periodicals, teachers' meetings, and personal conferences, but to supplement these.

It is encouraging to note the increasing interest the public is taking in the public schools and the work they are doing, and the earnest efforts made by teachers to make them as good as possible. An intelligent public interest and co-operation, and wise, earnest work of a corps of professional teachers, make good schools possible. This I believe we had in large measure in the year just closed. May we have it in even larger measure in the new year.

All of which is respectfully submitted.

ASHER J. JACOBY,
Superintendent of Schools.

REPORTS OF TRUANT OFFICERS.

Mr. Asher J. Jacoby, *Superintendent of Schools.*

Dear Sir:—I present herein my report as truant officer of the town of Milton for the year 1907, which is as follows:

Number of cases investigated	19
Number of visits to schools	20
Number of visits to homes of children	26
Number of children kept at home by parents	17
Number of cases in which sickness was given as cause of absence	8
Number of truants	2

Respectfully,

Timothy McDermott.

Mr. Asher J. Jacoby, *Superintendent of Schools.*

Dear Sir:—I forward my annual report as truant officer for 1907.

Number of visits to schools	4
Number of visits to families	5
Number of visits to business places	4
Number of children kept at home by parents	3
Number of children kept at home by parents for want of suitable clothing	1
Number of children playing truant	4
Number of children returned to school from the street	2
Number of children employed illegally	0
Number of arrests	0
Number of convictions	0

Respectfully yours,

Henry C. Shields.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—I have not been called upon to enforce the truancy laws in any case during the year 1907.

Respectfully yours,

CHARLES H. THAYER.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—I hereby submit to you my report as truant officer for the Belcher School for the year ending December 31, 1907.

Number of cases investigated	19
Number of children kept at home by parents	4
Number of children kept at home by parents for want of clothing	0
Number of children kept at home by parents on account of sickness	5
Number of truants	10

Respectfully yours,

HENRY F. BRIERLY.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—My report as truant officer for 1907 will be brief. I have not been called upon to act this year.

Respectfully yours,

GEORGE B. BRADLEE.

MILTON HIGH SCHOOL.

GRADUATION EXERCISES.

Town Hall, Wednesday Evening, June 19, 8 o'clock.

PROGRAM.

Part I.

WALTZ, "Mayflower" . . . . . *Gruenwald*

PROCESSIONAL MARCH, "Marine's Inspection" . . . . *Bennet*
The High School Orchestra.

PRAYER . . . . . *Rev. Roderick Stebbins*

CHORUS, "Santa Lucia" . . . . . *Arranged from the Italian*

THE VALUE OF MANUAL TRAINING,
Evelyn Farrington.

POEM, A Legend of Blue Hill,
Walter McGee.

CLASS HISTORY,
Annie Elson.

SOLO, "The Beautiful Land of Nod" (Violin Obligato) *Wilcox-Greene*
Cora Boutin.

MEMORABILIA,
Mary Welch.

CLASS POEM,
Daisy Rice.

CLASS PROPHECY,
Dorothy Gordon.

PROPHECY OF THE PROPHET,
Jessie Lowe.

Part II.

CHORUS, "Song of the Triton" . . . . . *Molloy*

MILTON'S LIFE AT HORTON,
Annie Johnstone.

SELECTION FROM L'ALLEGRO,
Angie Pimer.

SELECTION FROM LYCIDAS,
Edith Badger.

TRIO, "Spring Song" (Violin Obligato) . . . . . *Weil*
Misses Boutin, Curran, Farrington, Forde, Johnstone, Littlefield, Lowe, Rice, Welch.

THE JEW IN SHAKESPEARE'S DAY,
John Curley.

COURT SCENE (abridged) "The Merchant of Venice,"

Portia	Eva Baker	*Gratiano*	James Dodd
Nerissa	Edith Kelly	*Bassanio*	Edward Tucker
Clerk	Catherine Curran	*Antonio*	Walter Palmer
The Duke	John Hall	*Shylock*	George Anderson

PRESIDENT'S ADDRESS, Some Influences of the High School,
Arthur Vose.

CHORUS, "The Woodman" . . . . . *Veazie*

PRESENTATION OF DIPLOMAS,
William B. Thurber, *Chairman School Committee.*

CLASS SONG . . . . . *Written by Dorothy Gordon*
Tune, "The Sea-King's Bride."

RECESSIONAL MARCH, "Down the Field" . . . . . *Friedman*
The High School Orchestra.

Marshal, Henry Sherlock.
Pianist, Malcolm Sears, '08.
Violinist, Clifford Newell, '10.

NOTE.—The audience is requested to remain seated until after the recessional.

GRADUATES.

George Vair Anderson.
Edith Caroline Badger.
Eva Rosalind Baker.
Cora Elizabeth Boutin.
John Francis Curley.
Catherine Frances Curran.
James Miles Dodd.
Annie Kibler Elson.
Evelyn Mason Farrington.
Eva Catherine Forde.
Julia Dorothy Gordon.
Christopher John Hall.
Annie Johnstone.
Edith Mary Kelly.
Catharine Plummer Littlefield.
Jessie Mildred Lowe.
Walter Humes McGee.
Walter Bruce Palmer.
Anginette Cross Pimer.
Daisy Frances Rice.
Henry Percy Sherlock.
Joseph Edward Tucker.
Arthur Williams Vose.
Mary Euphemia Welch.

Class Motto: "Whatever the Cost."

Class Colors: Green and Gold.

BELCHER SCHOOL.

GRADUATION EXERCISES.

School Hall, Thursday Evening, June 13, 8 o'clock.

PROGRAM.

1. Song, "Oh, Hark! the Merry Sound" . . . . *McDonald*

2. "The Story of the God Pan,"
   Florence Rea Marchant. Ethel Alice Keep.
   Gladys Emerla Phelps. Mary Ellen Bridgeo.
   Lillian Gertrude Gardner. Marion Rose Neilson.

3. Declamation, "Andrew Jackson" . . . . *George Bancroft*
   Edward John Garrity.

4. Song, "The Oars Are Plashing Lightly" . . . . *Geibel*

5. Recitation, "Eulogy on the Dog" . . . *Ex-Senator Vest*
   James Howard Leatherbee.

6. Piano Solo . . . . . *Hanisch*
   Gladys Emerla Phelps.

7. Recitation, "Universal Peace" . . *Ex-Govs. Long and Bates*
   Gladys Marie Greene.

8. Song, "Loyal Song" . . . . . *Kucken*

9. Declamation, "Sacred from War" . . . . *Charles Sumner*
   Raymond Clark Stanley.

10. Selections from Thoreau's Nature Calendar,
    Clara Elgiva Hamilton. Harold Thomas Freethey.
    Alice Mary Egan. Horace Wood.
    James Archer Burbank. Ethel Kingsley Kelley.
    Annie Healy. Mary Ellen Bridgeo.

11. Declamation, "Theodore Roosevelt" . . . *Ex-Gov. Black*
    David Chester Carder.

12. Presentation of Diplomas,
    Mrs. Caleb L. Cunningham, *Local Committee.*

13. Presentation of Class Picture,
    Raymond Clark Stanley.

14. "Good-Night Song" . . . . . *Jakobowski*

15. Song, "America" . . . . . *Smith*

GRADUATES.

Mary Ellen Bridgeo.
James Archer Burbank.
David Chester Carder.
Alice Mary Egan.
Harold Thomas Freethey.
Lillian Gertrude Gardner.
Edward John Garrity.
Gladys Marie Greene.
Clara Elgiva Hamilton.
Annie Healy.
Ethel Alice Keep.
Ethel Kingsley Kelley.
James Howard Leatherbee.
Samuel Robinson MacKillop.
Florence Rea Marchant.
Agnes Jeanette McAndrew.
Marion Rose Neilson.
Gladys Emerla Phelps.
Raymond Clark Stanley.
Horace Wood.

CONSOLIDATED SCHOOL.

GRADUATION EXERCISES.

School Hall, Friday Evening, June 14, 8 o'clock.

PROGRAM.

1. Song, "The Morning Invitation" . . . . *G. A. Veazie, Jr.*
2. "Jo's First Romance" . . . . . *L. M. Alcott*
   Doris Eliza Furber.
3. Piano Solo, "The Silvery Echoes" . . . . *Albert Wood*
   William Daniel Driscoll.
